NO. 68—SIXTY-FIRST YEAR VICTORIA, BRITISH COLUMBIA, TUESDAY, MARCH 4, 1919. SIXTEEN PAGES

WORK OF MARKING STATES' FRONTIERS PROCEEDS RAPIDLY

New Map of Europe as It Is to Appear Under Peace Treaty Is Expected to Reach Conference by End of This Week—Some Plans Are Reported Tentative

RADICAL CHANGES FOR GERMAN LINE

Expected That Alsace-Lorraine Will Go to France Without Plebiscite—Briey and Saar Regions and Territory West of Rhine May Be "Sterilized"—Other Frontiers

PARIS, March 3.—A new map of Europe is rapidly taking form, and within a week the frontiers of the old states will largely be defined as they are to appear in the peace treaty and the successive documents fixing territorial limits.

First in importance is Germany's western frontier, bordering on France, which assumes international significance as a barrier against renewal of the present war. Owing to the issues involved, final determination of this question is left to the Council of the Great Powers, but in the meantime the tentative plans have been advanced by the Commission, which co-ordinates representatives on all frontier questions.

As it now stands, the western frontier comes under three main heads—first, Alsace-Lorraine; second, the great iron and coal regions of Briey and the Saar Valley, and third, the extensive strip of German territory lying on the west bank of the Rhine from the Palatinate northward.

With respect to Alsace-Lorraine, the present tendency is to make recession of this section to France without any condition of a plebiscite or otherwise. It is now occupied by military forces under the armistice, and there is every indication that the occupation will become permanent. The Briey and Saar Valley sections are chiefly important as furnishing iron, steel and coal, on which Germany's military power was based, and it is believed that the new line will definitely put an end to any further use of these sources of German power. Part of the Briey and Saar sections will become French by the return of Lorraine.

The main difficulty has been over a large section of the Saar coal fields lying beyond Lorraine and within German territory.

Compromise Plans

"The present idea seems to be somewhere between annexation of that section and leaving it to Germany. According to this plan the northern Saar region would be neither French nor German, but would occupy a position somewhat similar to the district of Columbia among the American states. Its productive capacity would doubtless go to France, but politically its 300,000 inhabitants would not be subject to conscription or military service either to France or Germany, and would not elect delegates to legislative bodies of either country.

This and other measures are being considered with the object of "sterilizing" the region so that Germany could not by a sudden inrush again turn its production to war uses.

Concerning the region along the west bank of the Rhine, the present tendency is toward the same form of "sterilization," which would render this territory impotent for German military uses without giving it a definite political status toward either side. This probably will be accomplished by the same means as in the Saar region by making the inhabitants independent of conscription or military service to either side, and without legislative representation, except some local form of self-administration.

This, on broad lines, is the present plan, which, however, is only tentative, pending final action by the council of the great powers.

The plans relative to other frontiers, including those of the new Czecho-Slovakia, Roumania, Serbia and Greece, and to the expected acquisitions in Thrace and Asia Minor, are also nearing completion.

WILL NEGOTIATE ON FOOD SUPPLY

Marshal Foch Reported to Have Given Notice to German Armistice Commission — Question of Disarmament.

COPENHAGEN, March 3.—Marshal Foch has informed the German armistice commission, according to a report from Berlin, that negotiations regarding the food supply of Germany and financial and shipping questions will begin at Spa on Tuesday.

Gen. Nudant, the representative of Marshal Foch at Spa, it is added, has told the German armistice commission that the French Government has decided to send a new mission to Berlin to study the question of food supply. The mission will be headed by M. Laquenin.

PARIS, March 3.—The disarmament of Germany from the point of view of the military, naval and air experts of the Allied and associated powers was discussed by the Supreme War Council at its meeting today. The official announcement follows:

"The Supreme War Council met today from 3 to 6 o'clock p.m. They discussed the report of the military, naval and air experts on the disarmament of the enemy. The next meeting will take place Wednesday."

PARIS, March 3.—Representatives of the United States Shipping Board and U.S. Navy, with representatives of the other Powers, have departed for Spa to complete with the Germans arrangements for the release of German ships in German ports and certain German vessels in neutral ports.

Virtually all the details for the release of the vessels have been arranged, and it is anticipated that they will be turned over under the agreement without delay.

SEATTLE AVIATORS MAKE HOME FLIGHT

SEATTLE, March 3.—W. E. Boeing and Eddie Hubbard, aviators, who left Vancouver today in a Boeing airplane, arrived in Seattle at 3:40 p. m.

They changed their mind about going to Victoria and came direct to Seattle.

The start from Vancouver was made at 1:30.

Powerful Airplane

PARIS, March 3.—A thousand-horsepower airplane was tested this afternoon as an ambulance, conveying surgeons, hospital equipment and wounded.

POSITION OF ALLIES IS STILL UNCERTAIN

War Secretary Churchill in Dealing With Army Estimates Points to Difficulty of Deciding on Necessary Strength—Urgency of Settling With Germany Emphasized

LONDON, March 3.—(Reuter's)—In the House of Commons today, Rt. Hon. Winston Churchill, Secretary for War, introducing the army estimates of £287,000,000 emphasized the difficulties of framing estimates this year because every factor was uncertain and fluctuating.

"We were half way between peace and war," he said. "We were unable to fix the rate of demobilization. We did not know what arrangements affecting armaments would be embodied in the peace treaty, nor how many men we must keep in the Middle East and on the Rhine, or for how long.

We did not know whether the Germans would accept our conditions or refuse them, throwing the responsibility for the future upon us and simply degenerating into ruin."

He emphasized the fact that the vast areas of Europe and the East were in a state of anarchy, and the Allies, upon whom rested the responsibility of enabling the world to go to work again, were themselves very seriously exhausted. To all these difficulties must be added the enormous effect of winding up the war. The present estimates represented a maximum which he hoped it would be possible to revise in a downward direction. He mentioned that the Allies were still discussing the amount of the contributions to be received from Germany toward the upkeep of their armies on the Rhine.

The regular military establishment of Great Britain never could nor ought to fall to the low scale of 1914, as it was not known what other powers were going to do, Mr. Churchill declared.

Necessity for a prompt peace settlement was emphasized by Mr. Churchill. All information, he said, showed the great privations the German people are suffering and the danger of collapse under pressure of hunger of the entire structure of the German social and national life.

To delay the peace settlement, declared the War Secretary, would be to run the risk of having nobody to settle with and of having another great area of the world sunk under Bolshevik anarchy.

Regarding the amount to be recovered from Germany, Mr. Churchill said it had already been announced that the Allies intended to exact all Germany possibly could pay. There would be substantial contributions for the upkeep of the armies on the Rhine, in addition.

SHIPYARD MEN RETURN TO WORK

LONDON, March 3.—There were further indications today of a favorable turnover of the labor situation.

The shipyard workers who are on strike held a mass meeting and decided to resume work and to negotiate afterward on the question of an increased wage. The shipyard platers employed by the North Ireland Shipbuilding Co. at Londonderry, who had been striking since January 27, demanding a forty-four hour week, also returned to work pending a settlement of the question of hours.

The Tyne shipyard workers who had been striking for eight weeks returned to work in goodly numbers.

"GOLD-BRICK" FOR SETTLERS

Opposition Leader Declared Government's Action on Settlers' Rights Question Not Inspired by Sincere Motives.

"Gold-bricking the settlers," was the way Mr. W. J. Bowser, K.C., Leader of the Opposition, described the move of the Government to re-enact the 1917 Settlers' Rights Act, disallowed last year by the Federal Government.

Speaking on the debate on the motion for the second reading of the bill before the House to re-enact last year's measure, the Opposition Leader scoffed at the policy of the Government as enunciated by the Minister of Mines, whose tears for the settlers and declarations of his determination to fight to the death in their behalf, he asserted, were farcical in the light of the failure of the Government under its 1917 act, which had been in force nearly a year before being disallowed, to act upon 180 applications put in by settlers. But two crown grants had been issued for under-surface coal rights to settlers, and those two had been promptly transferred to an "American lobbyist from Seattle, H. W. Treat," and by him transferred to the Granby Consolidated Company. The while, the Opposition Leader declared, the heart of the Minister of Mines had been bleeding for the settlers, 178 of whom had put in their claims under the 1917 act and upon

Shocked by Son's Death

LOS ANGELES, March 3.—Overcome by the news of the death of his son, Charles E. Van Loan, Richard Van Loan died at his home here yesterday. Mr. Van Loan was summoned from a religious service by another son to be apprised of the news. He evinced great mental distress, and died within a few minutes at the family home.

Anti-Polish Feeling

PRAGUE, March 3.—Anti-Polish demonstrations over the situation in the Teschen district have increased. Members of the right and other parties have made public protests against the Government and expressed hopes that the Czecho-Slovak claims will be admitted to the peace conference.

MANY MEMBERS MAKE SPEECHES

Debate on Address in House of Commons Expected to Run Into Next Week—Several Yet to Speak.

ATTACK ON CIVIL SERVICE COMMISSION

Large Number of Subjects Touched Upon by Various Debaters—Tariff and Returned Soldiers Questions.

OTTAWA, March 3.—It is believed tonight that there is little prospect of the debate on the address being brought to a close in the Commons this week.

The chief interest in the debate today centred in a speech by H. C. Hocken, editor of the Orange Sentinel, who vigorously attacked the civil service commission, and declared that the selection of men to fill vacancies in the service before the vacancies are advertised is a common practice of that body.

Mr. Hocken claimed that returned soldiers have been discriminated against, and asserted that the secretary of the commission, William Foran, should be dismissed.

J. A. Ethier, Two Mountains, advocated the removal of all duties on agricultural machinery, and asserted that the Government is afraid to touch the tariff.

George R. Nicholson, Algoma East said that the country would not stand for the enfranchisement of alien enemies by the wiping out of the war time election act.

P. R. Du Tremblay urged the striking of a medal of honor for Canadian soldiers.

At the evening sitting, Major W. D. Cowan, of Regina, pressed for construction of railway extensions in Southern Saskatchewan. He thought that one of the cabinet ministers should devote his time to meeting returned soldiers and learning their needs.

Capt. Peter McGibbon, Muskoka, protested against totally disabled soldiers receiving pensions of only $600 per annum.

Sir Sam Hughes and Dr. Michael Clark of Red Deer are on the list of speakers for Tuesday.

ARE OPPOSING LEAGUE DRAFT

Republican Senators Take Steps to Show Paris Conference That United States Is Not in Favor.

WASHINGTON, March 3.—A movement for a formal expression by the Senate in opposition to the league of nations' constitution as now framed promised to provide a dramatic climax at the close of the sixty-fifth congress. Republican leader Lodge tonight prepared a resolution proposing, first, that the Senate declare that the present league draft be not approved, and, second, that the American peace commissioners be urged to proceed immediately with the work of concluding peace with Germany.

This unexpected move by the Republican leaders, designed primarily as a means of formally notifying the Peace Conference and the country as to the views of many members of the new Senate on this subject, followed many hours' debate of the league constitution in the Senate and brief addresses in the House. In the Senate the constitution was attacked by Senator Sherman, of Illinois, Republican, and defended by Senator McCumber, of North Dakota, a Republican member of the foreign relations committee.

While not specifically endorsing the league plan as proposed, Mr. Mann declared the war would have been fought in vain if some move was not taken to prevent future wars. His statement was applauded by the Democratic members. Later, Representative Norton, of North Dakota, Republican, who recently returned from Europe, voiced his approval of the league and praised President Wilson as the recognized leader in the movement for a world society.

MR. LLOYD GEORGE WARNS LITTLE NATIONS

LONDON, March 3.—Premier Lloyd George, speaking at a Welsh festival dinner in London tonight, said he hoped to be back in Paris in forty-eight hours.

The Premier warned the little nations of the danger of emulating the faults of the great empires by a tendency to annex territories not their own.

"This is a most fatal error for any people, great or small," said the Premier.

Investiture at Ottawa

OTTAWA, March 3.—The investiture of Sir Richard Lake, Lieutenant-Governor of Saskatchewan, and Sir Douglas Hazen, Chief Justice of New Brunswick, with the title of K. C. M. G. took place at noon today at Government House. His Excellency the Duke of Devonshire performed the ceremony. Later Sir Richard and Lady Lake and Sir Douglas and Lady Hazen were entertained at luncheon by His Excellency

RETURNED MEN SECURING LAND

Work of Soldier Settlement Board Reported to Be Proceeding Smoothly — Conditions in Various Provinces.

OTTAWA, March 3.—The work of the Soldier Settlement Board throughout Canada is proceeding smoothly and soldier settlers are being prepared to go on the land as rapidly as possible. Qualification committees are at work in all the provinces and large numbers of veterans are coming forward, especially in the West, to make their claims.

Many veterans are taking up farms and homesteads and will be in a position as soon as the season opens to break land.

In some provinces, where there are special problems to be dealt with, the Soldier Settlement Board is organizing committees of inquiry and appraisal. These committees will visit districts in which it is expected that the settlement of soldiers will be carried out.

A committee is now at work in British Columbia and is giving consideration to such matters as the size of individual farms for the different types of farming, the length of the period from the time of settlement until profitable production becomes possible, availability of water supplies, capital investment in equipment, market conditions and other matters affecting the possibility of profitable farming and the enjoyment of such social conditions as relate to the contentment of rural residents.

In Ontario a committee has been formed to determine the best policy to be pursued in regard to settlement on small holdings. A large number of veterans are desirous of locating on small farms for the purpose of engaging in poultry farming, market gardening, fruit gardening, beekeeping and other activities of like character.

A committee also has been appointed to deal with the expropriation of lands held under grazing leases in Southern Alberta to ascertain what lands would be suitable for mixed farming of such a character, as will be followed by soldier settlers. The latter will commence operations as early as weather and field conditions will permit.

PEACE CONFERENCE COMMISSIONS WORK

Sub-Committee on International Regime of Ports, Waterways and Railways Agrees Upon Conditions—Commissions Deal With Roumanian Boundaries and Reparation

PARIS, March 3.—Conditions under which the international regime of ports will be applied were agreed upon by the sub-committee of the peace conference commission on the international regime of ports, waterways and railways at its meeting today. This was the first subject taken up.

The text of the announcement of the meeting said:

"The second sub-committee of the commission on the international regime of ports, waterways and railways met this morning at 10:30 o'clock at the Ministry of Public Works.

"Examination of the draft respecting ports subject to an international regime was continued. After an exchange of views the sub-committee arrived at a decision as to the conditions under which this regime is to be applied."

The subject of Roumania's rights was again under consideration by the peace conference commission appointed to deal with it, at sessions held yesterday and today. In this connection Roumanian and Serbian claims were examined into. The official statement regarding the sessions says:

"The commission for the study of Roumanian territorial claims held its ninth session yesterday morning and its tenth session this morning, under the chairmanship of M. Tardie, and continued the examination of Roumanian and Serbian claims."

The commission on repatriation for damage held a meeting at 10:50 o'clock this morning, with Louis Klotz, the French Finance Minister, in the chair. The statement issued after this meeting reads:

"The commission, after having dealt with certain questions of procedure on the order of the day, decided that the sub-committee should make every effort to expedite their work in order that their reports might be submitted to the full commission with the least possible delay."

The council of the great powers considered today the military, aerial and naval terms for the disarmament of the enemy, but did not reach a conclusion, which was deferred until Thursday. The main new point was that enemy airplane restrictions will be rigid.

The powers with special interests, says an official communication, met this afternoon at 3:30 o'clock at the Qaui d'Orsay to decide on their representation on the economic and financial commission.

The peace conference committee on reparation has estimated that 24,000,000,000 pounds sterling is the amount which the enemy countries ought to pay the Allies and associated powers, says a Havas Agency statement today. France, adds the statement, demands immediate payment by the enemy of one billion pounds sterling, part in gold, part in materials and part in foreign securities, recommending that the remainder of the amount be payable in a period from 25 to 35 years.

RADICAL FACTIONS TRY TO OVERTURN WEIMAR MINISTRY

Independent Socialists, Led by Hugo Haase, Open Party Conclave at Berlin, With That Object in View—Leader Declares That Proletariat Revolution Will Be Complete.

REPUBLIC RULED BY COUNCILS IS PROCLAIMED IN BAVARIA

BERLIN, March 3.—The Independent Socialists opened a four-day party conclave in Berlin today. While the convention ostensibly is called to discuss the party political programme, it really marks the opening skirmish against the Weimar Government.

The Independents and their radical followers do not conceal their determination to overthrow the Ebert Government. The session was opened by Hugo Haase, leader of the Independent Socialists, who asserted that despite the fact of the National Assembly having gone to sleep, "the proletariat revolution is wide awake and marching independently of their leaders and discussing the immediate future political developments in Germany."

He added that the soviet principle must be adhered to in the new form of states.

"And we propose to firmly establish it in our revolutionary government," Haase continued. "The principles of Bolshevism cannot be suppressed. They are bound to prevail."

Haase intimated that a second revolution might result in two competing governments, one in Weimar and the other in Berlin, the latter representing the soviet republic, with which the Haase party purposes to try and overthrow the Ebert-Scheidemann regime.

Munich Congress

MUNICH, March 3.—The soldiers' and workmen's congress has adopted by a vote of 234 to 70 a motion reading as follows:

"The Socialist republic of councils is proclaimed and legislative and executive powers belong directly to the working people, represented by councils of workmen, soldiers and peasants and has adopted by a large majority the following resolutions:

"'The assembly of soldiers' and workmen's councils constitutes the provisional national council on the free State of Bavaria. The executive committee will be charged with the direction of national business and will consist of 33 members, whose appointments are revokable by the national council. The committee will choose from its members a central committee of seven, which will be responsible to it.'

"The future constitution of the free State of Bavaria will be prepared by the Provisional Government and the executive committee acting together, and will be submitted for decision to the people. The soldiers' and workmen's congress will elect a new ministry, and a section for public instruction will be formed, charged with the task of enlightening the people. The new ministry will be responsible to the central committee and the provisional national council."

WEIMAR, March 3.—The Bavarian delegates to the German national assembly have issued a manifesto protesting against restrictions imposed upon the meeting of the recently-elected Bavarian diet and against the formation of a new ministry by the Soldiers' and Workmen's Congress of Bavaria. The manifesto says that the delegates oppose the separation of Bavaria from Germany.

Spartacans Lose Dusseldorf

COLOGNE, March 3.—Dusseldorf, where the radicals have been in control, has been cleared of Spartacans without a shot being fired. The Government troops when they entered the town arrested Mayor Schmidchens, the Spartacan dictator, and disarmed his followers.

Bolshevism Winning

BERLIN, March 3.—That the Bolshevists have succeeded in their propaganda for soviet rule is amply evinced by the Government's indecision with respect to the plan to incorporate the ideas of the soldiers' and workmen's organization in the constitution. There is further evidence that Hugo Haase's party, the Independent Socialists, is preparing to make common cause with the Spartacans in a concentrated effort to overthrow the Scheidemann cabinet, by launching a general strike, with the purpose of forcing its issue of Soviet rule.

ALLEGED PHRASE PIQUES SENATOR

Words Credited to President Wilson at White House Dinner Evoke Caustic Comment From Mr. Sherman.

WASHINGTON, March 4.—Newspaper accounts of the dinner given by President Wilson to members of the Democratic National Committee saying that the President had bitterly assailed Senators opposing the league of nations constitution were the subject of an address by Senator Sherman of Illinois, Republican, early this morning, in the Senate.

The published reports read by the Senator said the President had referred to the Senators as having "pigmy heads" and that he had declared they should "be hanged on giblets as high as Heaven, but pointing in the opposite direction."

"Nothing has leaked out of the peace conference in Paris," said Senator Sherman, more applicable to the war situation than these threats of the Chief Executive.

Declaring that an account had quoted the President as saying that the heads of Senators opposing the league were "nothing but knots to keep their bodies from unravelling," the Illinois Senator said:

"This language is classic; he has added another matchless phrase to those with which he had enriched our American political literature."

Senator Sherman spoke at great length, and his humorous comment and scathing sarcasm caused Senators and spectators alike to rock with laughter, with only perfunctory attempts at restraint made by the presiding officer.

Senator La Follette of Wisconsin, Republican, in an address begun shortly after 4 a.m. urged an immediate extra session of Congress, vigorously criticised President Wilson for failing to consult with the Senate in conducting the peace negotiations.

"A plain violation of the constitution," Mr. La Follette asserted.

Senator La Follette said the President, if he failed to call a special session of Congress immediately would be following the example of the "Imperial Autocrats" of Europe, who refused freedom of expression to legislative bodies during the war.

MAJOR J. D. ARMOUR DIES IN ENGLAND

VANCOUVER, March 3.—Major John Douglas Armour, 1st Canadian Divisional Artillery, 12th Brigade, died at the Petrograd Hotel, in London, on February 21. He was the son of Mr. Douglas Armour, K.C., of this city. He was born in Toronto thirty years ago.

Major Armour was educated at Brockville and McGill. When the family moved to Vancouver he entered the service of the Dominion Bond Co. in that city. He received a commission and went overseas with the first contingent, rising rapidly to the rank of major. While still in active service in France he was taken ill and afterwards removed to England, where he remained under medical care to the time of his death.

He was a grandson of the late Hon. John Douglas Armour, Chief Justice of Ontario. Two brothers went overseas from Vancouver, of whom Stuart also attained the rank of Major.

EMPIRE PUZZLES — PARIS DELEGATES

Relations of Dominions to Imperial Structure Are Hard to Understand — Representation on Various Committees.

PARIS, March 3.—(Special cable from John W. Dafoe.)—The reactions of the Peace Conference and the League of Nations upon the international relations of the constituent portions of the British Empire and the international status, have a very special interest for the people of Canada and the other British Dominions.

The anomalies of the present only partially defined inter-imperial relationship have been rather puzzling to the conference, and it is remarkable that the delegates have shown themselves so sympathetic to the Dominions' viewpoint. The report circulated at the outset of the conference by a press association that it was the United States representatives who questioned the propriety of giving representation to the British Empire as a great power, and, as well, to the Dominions as powers of particular interests, was correct; but it was not further reported that at a subsequent meeting the United States representatives withdrew their objections and declared that they accepted the request of the Dominions as submitted by David Lloyd George.

It is difficult for outsiders to appreciate the British contention that the Empire is at one and the same time a unit and an alliance of nations, each one entitled to special representation for the purpose of protecting its own particular interests; but this view of the position of the Empire has been accepted by the conference, and is embodied in the constitution of the League of Nations.

In the membership list of the conference, the British Empire ranks as a great power, while each Dominion appears in the list of economic powers having particular interests.

The British delegation, representing a great power, is by a familiar arrangement drawn from a panel upon which the Dominions are represented. At the first plenary session the British Empire delegation included a representative of Newfoundland, and at two subsequent sittings Canada and New Zealand were represented, both directly and upon the British Empire delegation.

Upon both these occasions Canada thus had three representatives. In the detailed work of the conference the Dominions have acted as part of the British Empire organization. They have not attended meetings of the powers of particular interest for the purpose of assisting in their selection of representatives upon the conference committees but have taken their share of representation on conference committees in the allotment to the British Empire as a great power.

Nearly half of the British representation on the different committees is drawn from the Dominions' delegates. These selections have been made at joint meetings of all the British delegations.

KOLTCHAK PROPOSES GENERAL ASSEMBLY

OMSK, March 23.—The council of ministers of the Omsk government is elaborating a plan for the immediate election of a general assembly. Admiral Koltchak's trip to the front is said to have produced good results, many elements of the population heretofore indifferent giving more hearty support to his regime.

As a result of independent action taken by General Semenoff in the Chita district, and allegedly with a view to combatting possible claims by foreigners growing out of concessions and special privileges offered by Gen. Semenoff, the Omsk government has declared all acts of General Semenoff void.

Members of the government are alive to the fact that monarchistic aspirations are entertained by some elements in the country and are taking precautions against a possible effort to overthrow Admiral Koltchak.

Western Members to Hold Caucus

OTTAWA, March 3. — Western Government supporters, it is stated, will hold another caucus tomorrow night, to give special consideration to the tariff question. Ministers of the crown will be invited to attend to present their views and hear expressions of opinion by the members.

De Valera's Advice

LONDON, March 3.—At a meeting of the ultra-Nationalist Irish Society in London today a letter from Edward de Valera, the Sinn Fein leader, who escaped from Lincoln prison, written in cipher, was read: The letter contained the following advice to the society: "Pronounce no opinion on President Wilson. It is premature, for he and his friends will bear our country in mind at the crucial hour."

UPSET STOMACH

Pape's Diapepsin at once ends sourness, gases, acidity, indigestion.

Undigested food! Lumps of pain; belching gas, acids and sourness. When your stomach is all upset, here is instant relief—No waiting!

The moment you eat a tablet of Pape's Diapepsin all the indigestion pain, dyspepsia misery, the sourness, gases and stomach acidity ends.

Pape's Diapepsin tablets cost little at any drug store but there is no surer or quicker stomach relief known.

CARDINAL LOGUE URGES CALMNESS

Says Resort to Violent Measures Will Not Help Ireland—Condemns Alliances With Russian Extremists.

DUBLIN, March 3.—(Toronto Mail and Empire).—Cardinal Logue in a pastoral letter issued today says that as anyone of ordinary foresight might have anticipated, Ireland is not likely to reap much good from the labors of the Peace Conference.

The Cardinal advises the people to bear the present drastic military code in a Christian spirit, and not to expose themselves recklessly to severe punishment by needless assemblies or other practices, remembering that turmoil and discord never promote a good cause.

As to drilling, he said, a learned judge lately has termed it tomfoolery, and said that young men might practice the goosestep to the Greek Kalends (a day that will never come) and it would never bring them a step nearer to freedom. It may seem a fine thing to pose as martyrs, but martyrdom for even a higher and holier cause would have little merit if suffered in a spirit of vanity and display.

Referring to the revolutionary Socialists, he says there is reason to fear that the plague has caught hold of some of the Irish trade unions.

An alliance has been claimed with the Bolsheviki, whose bloodstained career has shocked the sensibilities of Christendom, reviving in an exaggerated form the worst horrors of the Reign of Terror in the French Revolution—a nice alliance truly for Holy Ireland, the Cardinal comments.

CANADIAN CASUALTIES

OTTAWA, March 3.—The following casualties were issued today:

Infantry
(Ill)
Pte. H. Bower, Vancouver.
Lieut. G. Carmichael, M.C., Barnard, Sask.

Engineers
(Ill)
Pte. R. R. McMurray, Somenos, B.C.

Medical Services
(Died)
Capt. W. T. Hackett, Winnipeg.

Forestry Service
(Died)
Pte. O F. Graham, Victoria.

FATAL COLLISION ON LOGGING RAILWAY

VANCOUVER, March 3.—John Erickson was instantly killed and Fred Fletcher is likely to die, following a collision between a power speeder and a locomotive on the Brooke, Scanlon & O'Brien logging railroad near Stillwater on Thursday. News of the accident reached the city this morning in a letter to Chief Dunwoody, of the Provincial police.

Erickson, who was leaving the logging camps for Vancouver, was being conveyed to Stillwater on the gasoline speeder in charge of Fletcher, it is stated. The locomotive was going up the grade pulling a train of flat cars when the speeder crashed ino it.

The gasoline car recoiled from the impact, left the rails and tumbled down an embankment. Erickson was instantly killed and Fletcher sustained concussion of the skull. He is in the hospital at Powell River.

Coroner Henderson from Powell River held an inquest. The jury attached blame for the accident to Fletcher.

ALLIES' NAVAL LOSS TOTALS 803,000 TONS

LONDON, March 3.—(Reuter's).—The total Allied naval losses in the war aggregated 803,000 tons, according to an estimate sent by Reuter's Paris correspondent. Of this loss the British portion was 550,000 tons. The Central Powers lost 415,000 tons, but the German total, which was 350,000 tons, does not cover the huge tonnage surrendered under the armistice terms.

Commenting upon these estimates, The Westminster Gazette says that, although the figures given are not official, they may be taken as closely approximating the naval losses suffered by the chief powers engaged in the war.

"When we learn that in big ships alone we sacrificed 13 battleships, three battle-cruisers and 25 cruisers," says the newspaper, "we get some notion of the tremendous character of the effort that was necessary to enable the navy to emerge from the war vastly more powerful than it was at the end of 1914."

ASSERTS BRITAIN FAVORS STATES

W. M. Macdonald, Ex-M. P., Sends Message to That Effect—Sir Thomas White Repeats Statement of Unbelief.

OTTAWA, March 3.—Alleged discrimination by Great Britain against Canadian imports was again raised in the House of Commons this afternoon. Mr. McKenzie, leader of the opposition, read a cablegram he had received from Mr. W. M. Macdonald, ex-M.P., as follows:

"Surprised cabled statement acting Premier. Everyone here knows trade regulations discriminate against us as compared with the United States. Can assert this positively."

Sir Thomas White said that, following previous statements in the House, he had cabled to Sir George Perley on the matter, but has as yet received no reply. In private communications he had received from time to time from the Premier, Sir Thomas gathered that Sir Robert and his colleagues had made representations with respect to the removal of war restrictions still existing. The restrictions referred to were general in character.

"It has not been intimated to me in any of the correspondence," Sir Thomas went on, "that there has been any discrimination against Canada. I have had a great deal to do with the finance and trade of Great Britain with this country since the outbreak of the war. I have known the great difficulty under which she has labored and the trying situation with which she has been confronted from time to time, and I desire to say that I believe that to the utmost of her power she has endeavored to assist Canada in her trade and her intentions toward us have been of the most friendly and generous character."

Hon. A. K. Maclean presented two bills, one will make the calendar year the recognized year for the collection of statistics; the second proposes to give effect to the findings of an international conference with regard to the definition of the ohm, ampere and volt and units of electrical measurements.

On motion of Mr. Maclean, a special committee was appointed to consider the pension regulations and prepare a bill. In reply to questions by Mr. McKenzie, Sir Thomas White read the correspondence which passed between Sir Robert Borden and Hon. Mr. Crothers on the occasion of the latter's resignation as Minister of Labor.

Sir Thomas promised to bring down the correspondence relating to the resignation of Mr. McCurdy.

HEAVY ESTIMATES TO BE SUBMITTED

OTTAWA, March 3.—The heavy estimates which the Government will have for consideration this session will be laid before the House probably before the end of the debate on the Address. They will provide for large expenditures on the governmental national railways—probably between seventy and eighty million dollars. About thirty millions will be needed, in all probability, for the carrying out of the Government's shipbuilding programme as well as substantial votes for pensions, repatriation of returned men and their technical education in the schools established under the Department of Soldiers' Civil Reestablishment. There will also be provision for the Government's announced assistance to good roads, for better housing and the programme of public works.

On the conclusion of the debate on the Address the House will probably take up consideration of the consolidated railway bill, which has not passed the Senate. A number of minor Government bills on the order paper are also ready for dicussion. In addition, a number of motions by private members are awaiting attention, such as titles, minimum wage boards, the Guelph novitiate, etc.

PAY NO COMMISSIONS ON SOLDIERS' LANDS

OTTAWA, March 3.—No commissions will be paid on the purchase of land for soldiers' settlement, according to a statement made by W. J. Black, chairman of the soldiers' settlement board. The land will be purchased direct from the owners, and commission men will not be considered.

It is the purpose of the board, Mr. Black said, to give the settler the benefit of every method that can be employed to save him money. Land will be appraised according to its real value, and it is that value that the soldier will have to pay, and no more.

Amnesty in Spain

MADRID, March 3.—All persons arrested as a result of a series of incidents last week in Barcelona and Madrid have been set free, now that martial law has been rescinded. At a mass meeting of the people's house here Sunday a resolution was adopted protesting against the adjournment of Parliament and demanding the restoration of constitutional guarantees in Barcelona.

WHEN NEURALGIA ATTACKS NERVES

Sloan's Liniment scatters the congestion and relieves pain

A little, applied *without rubbing*, will *penetrate* immediately and rest and soothe the nerves.

Sloan's Liniment is very effective in allaying external pains, strains, bruises, aches, stiff joints, sore muscles, lumbago, neuritis, sciatica, rheumatic twinges.

Keep a big bottle always on hand for family use. Made in Canada. Druggists everywhere.

THIRD DIVISION TROOPS START

First Battalions to Be Sent Home as Units Are Crossing on Adriatic—Demonstration at Liverpool.

LONDON, March 3.—The demobilization of the Canadian army actually began Saturday, when the Royal Canadian Regiment and the 42nd Battalion of the Third Division, left Liverpool on the steamship Adriatic. These are the first battalions to leave the United Kingdom as units. They were given an official farewell by Col. Richie, Lord Mayor of Liverpool, himself born at Chatham, N.B., and a demonstrative send-off by thousands of citizens who were allowed on the landing stage for the first time since the war began. The Liverpool Police Band played on deck while the troops were embarking.

As the ship pulled out into the Mersey at 6:30 o'clock and disappeared into the thick gray mist overhanging the river, the band played "O Canada," "The Maple Leaf" and other patriotic airs, while the people on the dock cheered and waved flags. The troops cheered in return and shouted "Good-by Blighty."

Major-General Loomis, commanding the 3rd Division, stood on the gangway and wished every officer and man good luck. All ranks of Canadians on board, number 1,686. In this number there are 183 Royal Northwest Mounted Police returning at the request of the Dominion Government.

In addition a party of 400 are being returned by the British War Office for discharge, many of whom are Canadians who have been fighting in the Imperial forces in different theatres of the war, and 50 Canadians who have been in the navy.

Third Division battalions came from Bramshott Camp.

Special trains brought them to Riverside Station and British and American Red Cross officials furnished refreshments, while various officials gave a luncheon on board before the troops embarked at which the Lord Mayor, Admiral Stillman, port admiral, General Loomis and others attended.

In a short speech the Lord Mayor expressed pleasure on behalf of the City of Liverpool. In wishing a welcome, he said: "Canadians in war added splendor to the record of the British race. Canada cannot be beaten by any country in the world."

In his reply, General Loomis said that the Third Division was one of the best British forces in France. That was why the division's colors were French blue.

Later the Lord Mayor made a short address to the men on the arrival of the train. All public buildings flew the Canadian flag, and the ship was covered with bunting and flags. All ranks were happy to be going home.

The authorities have done everything possible for the comfort of the men and the accommodation is the best possible.

The Adriatic is due at Halifax March 8.

VANCOUVER WORKS ON DRYDOCK SCHEME

VANCOUVER, March 3.—No decision has been reached by the Federal Government regarding the establishment of a drydock on this Coast, and before any decision is reached the needs of this port will receive the fullest consideration. Such, in brief, was the purport of a wire received by the Board of Trade today from Mr. Martin Burrell, in which the Minister took occasion to point out also that the claims of Vancouver for the establishment of a drydock would receive his entire sympathy and co-operation. The wire was received in reply to one sent by the Board of Trade, who, when a report was sent out from Ottawa a short time ago stating that the Government had decided to construct a drydock at Victoria protested that priority should be given the claims of this port, in view of the important position held by Vancouver and the large amount of trade handled here, as compared with any other port on the Coast.

A brief reply from Ottawa suggested that the matter be taken up with Hon. Martin Burrell, and this was done, the additional information being sent to the Minister that the construction of a drydock at this port would assist very materially in providing employment for a large number of returned men.

In his reply today Hon. Mr. Burrell points out emphatically that no decision has been reached, and that in addition to the support which he is ready to give to the establishment of a drydock at Vancouver, the Minister of Labor has also promised to give his support to any application made under the Drydock Subsidies Act.

I.W.W. Leader Deported

LETHBRIDGE, March 3.—Shannon, the ex-secretary of the miners' union at Diamond City Coal Company, was this morning deported to the United States as an I.W.W. This is the man whose release was demanded by the Alberta Federation of Labor at their convention at Medicine Hat some time ago.

You May Find It In Stocking

Cincinnati authority says your troublesome corns just loosen and fall off

Sore corns, hard corns, soft corns or corns between the toes just loosen in their sockets and fall off the next day if you will apply directly upon the corn a few drops of a drug called freezone, says a Cincinnati authority.

You merely put a drop or two of this freezone on the tender, touchy corn today and instantly the corn stops hurting, then tomorrow sometime you may find the old torturous pest somewhere in your stocking, having fallen off entirely without a particle of soreness, pain or irritation. The skin surrounding and beneath the former corn will be as healthy, pink and smooth as the palm of your hand.

A quarter ounce of freezone is sufficient to rid one's feet of every corn and callus, and any druggist will charge but a few cents for it. It is a compound made from ether.

"GOLD-BRICK" FOR SETTLERS

Continued from Page 1

which the Government had ample opportunity to act, nothing was done except in respect of two which were to go to a corporation. Neither the Minister nor any member of the Government had any reason to die for the settlers. Had they been alive last year every settler applying for a grant could have been accommodated.

A Poor Excuse

Mr. Bowser further declared that it was doubtless the intention of the Government to seek to make it appear that Ottawa, in disallowing the act of last year was infringing upon provincial rights. It would be hard, he thought, to convince the deluded settlers that any such excuse was a good one in view of the ease and rapidity with which the Government could assist the Granby Company. He understood the Lieutenant-Governor would refuse to assent to the bill, a step which, he argued, was perfectly constitutional.

Mr. Hawthornthwaite strongly supported passing the bill to re-enact last year's measure. He declared the rights of the settlers should not be made a political football. He predicted that were the Federal authorities permitted in this case to "get away" with their action in disallowing an act which, he asserted, the province had a perfect constitutional right to enact, it would mean that the other Terms of Union would be assailed.

Mr. J. W. Cowper, third member for Vancouver, adjourned the debate.

Act Rushed Through

The Opposition Leader pointed to the act passed in 1904 by the late Government giving all those settlers who deemed they had valid claims opportunity to make them. Unfortunately, many settlers did not take advantage of that measure and the present Government introduced a similar act at the 1917 session. He referred to the circumstances under which the latter act was brought down on the last day of that session, May 19, 1917, at 2:30 p. m., and rushed through its various stages, receiving the assent of His Honor that same evening, a speed which, he thought, was altogether too great considering the importance of the interests it affected.

Premier Oliver: What were you and your followers doing at that time?

Mr. Bowser declared he was well aware the Government with its "brute majority" could have put the bill through even had the Opposition protested. But, further, the Opposition had been deceived. It had believed the Government was in earnest in its desire to benefit the settlers to protect their rights. The confidence of the settlers as well as that of the Opposition, had been abused, as the sequel would show. Under the 1917 act some 180 claims had been filed. Under the 1904 act of the late Government there had been 60, of which 45 had been dealt with. The Minister of Mines would have it that the reason more settlers had not come in under the 1904 act was because they hade deemed it advisable to bring in the 1907 act to do justice to those settlers who had not applied.

Federal Advice

Who was it had advised the settlers? Mr. Bowser asked, pointing to the fact that at the Alberni by-election the present Premier and the late Liberal Opposition Leader, Mr. J. A. Macdonald, now Chief Justice Macdonald, had stumped the riding advising the settlers to put in no claims, as, they had claimed, the Government's move in bringing down the bill then was a subterfuge. If the settlers had been badly advised, Mr. Bowser asserted, it was by the Liberal leaders. Appreciating the fact that some settlers had not made application, the Conservative Government in 1916 had appointed Mr. Justice Gregory a commissioner to investigate their claims with a view to doing them justice, but the general elections came on, the Government was defeated and one of the new Government's first acts was to cancel that commission. Then the 1917 act was passed, the Conservative Opposition taking the stand that if any settlers had failed to come in under the 1904 act it was fair to give them another chance. Under the measure the settlers had to September 1, 1917, to file claims, over three months, and 180 claims were filed. The act was disallowed on May 31, 1918, so that the Government had nearly a year within which to act under the measure, for, he argued, it was well established that the act was legal up to the time it was disallowed.

But while there was nearly a year available to grant justice to the settlers, what were the facts? Up to the date of the Newcastle by-election on January 24, 1918, not a single grant had been issued, doubtless in the hope that by holding out the promise that should a Liberal be returned the settlers would get their rights a Government candidate would be returned.

Hon. William Sloan: But there was no Government candidate in that contest.

"Quite true, but the facts are well known," retorted Mr. Bowser, who declared it had been the intention to take Mr. Parker Williams from the Workmen's Compensation Board and enter him as a Government candidate, but that gentleman, after a visit to the riding, found the Government cause lost and refused to run, though it was well known that had he considered he had a chance he would have been in the field.

A Burst of Speed

"Not a single grant from May 19, 1917, when that bill was rushed through this House, until the Newcastle by-election. Not a grant even after then until the House met on Friday, February 7, 1918, and within two days two grants had been issued out of the 180 received, to Wilson & McKenzie and Elizabeth Dunlop.

"Compare this activity with the time which had elapsed between the passing of the Act on May 29, 1917, and February 12, 1918. Over eight months was passed, and nothing was done. Then two grants in two days. It was quick work; never such celerity ever shown before or since by any department. What was the next move? The speed with which the Government issued those two grants was nothing to that by which those grants were disposed of. The surface rights of the property applied for by Dunlop were in Messrs. Walters & Akenhead, who on January 19 transferred to H. W. Treat, who on January 30 transferred to the Granby Company (this was before the Dunlop application had been before the Executive Council, and the under-surface rights were still registered in the E. & N. Company). The Crown grant issued to Dunlop on February 15 he deeded to Treat on the 18th and Treat transferred to the Granby on the same day."

The same speed, Mr. Bowser said, was repeated with respect to the other grant to Wilson & McKenzie, which went to Treat and was immediately turned over to the Granby Company.

"Quick work," declared Mr. Bowser. "The rich man wins from the poor man's Government, but that latter term is now a misnomer. It should be the 'Company's Government.' But what about the real 178 poor men, those settlers for whom the Minister of Mines wept tears and for whose rights he was ready to do battle? Those settlers, the Minister tells us, had been grievously disappointed, but had never despaired, the settlers whom he had seen with tears in their eyes, some even had passed away, bequeathing their rights to their families; those pioneers who are now appealing for justice and for whose rights he is going to fight until he does? I want to tell my friend the Minister of Mines it is not necessary to die for those settlers. If he had been alive last year he could have given them their rights. He had nearly a year to see they got justice, but was too busy looking after the Granby interests, and, perhaps, a little campaign fund. Oh, save your tears. You had full opportunity to do them justice, but you declined to do it. You talk about provincial rights. There is no one who has a better record in that respect than myself, and I fought, not with my political enemies, but with my friends at Ottawa. No one would assist this Government in defending our provincial rights with greater willingness than myself if I thought it was a fair fight. The Minister of Mines has no fight with Ottawa, but rather with those settlers whose rights he has neglected and to whom he must explain what was the Granby influence and why the settler was not as well treated as that concern.

"A Gold Brick"

"This bill now before us is nothing more than an effort to gold-brick the settler into making him believe he will get his grants, nothing but a political move, one that will be of absolutely no effect, a species of political cheapness of the basest kind," declared the Opposition Leader, who stated that he was not there to fight Ottawa's battles, but he was prepared to make the statement that when His Honor came down to prorogue the House he would not assent to the measure before the House. The Ottawa House would be stultifying itself were it, after having disallowed the Act last year, to agree to the one now before the House. He took the statement in the press to the effect that Ottawa had instructed His Honor to refuse assent to the bill as correct. Ottawa had a perfect right to take that step. It had done so on a former occasion in connection with the British Columbia Immigration Act.

It was claimed, Mr. Bowser pointed out, that Ottawa had no right to disallow last year's Act. That, he believed, would doubtless be the basis upon which the Provincial Government would attack the federal authorities. It was pointed out that Sir Charles Fitzpatrick, Minister of Justice, had not disallowed the 1904 Act. That Act authorized a grant to any settler in the E. & N. railway belt the Government thought was entitled to it. The E. & N. urged Ottawa to disallow it because it took away, the company claimed, certain under-surface rights it had received from the

Continued on Page 4

Nearly Every Girl Can Make Herself Pretty and Attractive

SOME WHOLESOME TRUTHS EVERY GIRL SHOULD THINK ABOUT

Probably you know just such a girl.

Perhaps she is sixteen—good to look at, and pretty—quite interesting because she reflects the graces and charm that give promise of happiness to herself and others. But she is not strong. The color in her cheeks, once so rosy, has faded away—her eyes are listless—the buoyancy of spirit and vigor she once possessed are sadly lacking. Parents, friends, this girl needs Ferrozone—needs it that her blood may be renewed—needs it to restore the nerve force that growth, study and the development of her fresh youth have exhausted. This girl will become a queen with Ferrozone—which will restore her color—bring back her old-time energy—give brightness to her eyes and vivacity to her spirits. In Ferrozone every girl finds strength—then she can do things. In Ferrozone there is endurance—that drives away morning tiredness and languor. For the girl or woman that wants to be happy, healthy, winning—who values rosy cheeks, laughing eyes and abundant good spirits, nothing can compare with Ferrozone. 50c per box, or six for $2.50. Get it today from any dealer in medicine, or by mail from The Catarrhozone Co., Kingston, Ont.

THE DRY DOCK QUESTION

The report, if true, that Mr. Martin Burrell is supporting Vancouver's claims as the location for a dry dock on the Pacific Coast of Canada will create considerable surprise in this community. If memory serves us right, the present Secretary of State was, in the past, an enthusiastic supporter of the establishment of a naval dry dock at Esquimalt. His aid in pressing the matter upon the attention of the Government was enlisted more than once, and hitherto he was regarded as a Minister whose attitude on the subject was not open to question. Since, however, he apparently has seen fit to change his mind, which is the most charitable interpretation that can be put upon his communication to the Vancouver Board of Trade, it is in order to seek an explanation of the cause. Mr. Burrell owes such an explanation to this community, and we trust it will be forthcoming in the course of time.

Public opinion will hardly rest satisfied with what is being done in Victoria to keep the claims of Esquimalt for a dry dock before the Government. It is by no means enough to allow Dr. S. F. Tolmie and Mr. J. C. McIntosh to shoulder the whole responsibility. In what they are doing they need, and should get, the support of the entire community. A month ago the proposal was put forward that a petition, as largely signed as possible, should go forward to Ottawa, but from what we can learn no step has been taken in this direction. Time is passing. If there is to be action during the present session of the Dominion Parliament the people of Victoria and Esquimalt, and all other interested sections of the Island, must awake. The proposal for a petition embodying the unanimous viewpoint of the people here is a good one. It might cost $1,000 or $1,500 to prepare, but the money would be gladly subscribed with such an object in view. The energy of the campaign being carried on in Vancouver is a warning to our people. The Mainland interests have already succeeded in making a strong impression on Ottawa, so strong that it seems the Minister representing British Columbia in the Cabinet has been led to change his mind on the subject. In years gone by, when this question came up from time to time, every possible political influence was brought to bear to induce the Government to go ahead with the work at Esquimalt. It now seems the time has arrived when the people themselves should prove conclusively to Ottawa that they are in deadly earnest in their belief that Esquimalt is the logical location for the dry dock. This can be done by a petition, and while it is in course of preparation every other possible method should be devised to put forward the claims of this section for the ship-repairing facilities that are required.

DEPENDENTS' FARES

There is all the force of justice on the side of those who claim that the Government's policy of paying the fares of dependents of soldiers in England back to their homes should be made retroactive. This policy is effective from the signing of the Armistice until all the dependents return. The argument in favor of refunds being made to those dependents who returned during the progress of the war is very powerful. Thousands of them returned at the request of the Government, for two reasons. Firstly, they were urged to come back because it was pointed out that in the event of their remaining in England until the war was over they might have to stay there for twelve or eighteen months longer, owing to a shortage of shipping. The other reason adduced was that by returning they would to some extent relieve the food shortage in Great Britain. Thousands of dependents availed themselves of the Government's advice and faced the perils of submarines in returning to Canada. They now learn that had they remained in England, as they could have done, they would not have been put to the expense of paying their fares on their return home.

It is also pointed out that thousands of the dependents now returning have not formerly resided in Canada. Numerous of our soldiers have married since going overseas. They are bringing back their wives with them. The fares of these are being paid, but those of other dependents who went from Canada so as to be near their husbands during the war, but who, at the Government's request, subsequently returned to Canada are being discriminated against. It is certainly not the Government's intention to do this, but that is how the matter stands. No policy of the kind adopted since the Armistice can be fair unless it is made retroactive, and made to apply to all who come within the category it is sought to favor. The soldiers' dependents are coming back with considerable rapidity so that it does not seem there was much force in the Government's former argument regarding shipping at the time it was sought to get the wives of Canadians to return from overseas. The Government should be fair to all concerned. It will not involve a large expenditure to make good the fares expended by dependents in returning from England during the war because requested to do so by the authorities. The different service organisations have taken the matter up and in doing so they are upon strong ground.

FRANCE AND PROFITEERING

Profiteers are to be regarded in France in future as criminals, and treated accordingly. One aspect of the legislation designed towards this end is the promise the immediate future holds out for a reduction in the cost of living of 40 per cent. It is provided that all who cause the inflation of prices through holding up goods are subject to from one month's to three years' imprisonment and a fine of from $100 to $1,000. The same penalties are to be inflicted on those who, either personally or as heads of a business concern, have raised or attempt to raise the price of goods above the natural market value. When a person is once convicted he can be prohibited from carrying on any business or industry for five years, and, moreover, he can be prohibited for the same period from being his own master. In addition he can be prohibited from serving as a junior in a concern of which he was formerly director. Where there are infractions of the law in the case of dealings in grain, flour, or other foodstuffs, and of drinks, fuel or commercial chemicals, the punishment is to be from two months to five years and a fine of from $200 to $20,000.

This is taking hold of the cost of living question with an iron hand. The French way with profiteering will be watched with the keenest interest all over the world, and if it proves a success, as there is every reason to believe it will, other Governments can no longer hesitate about taking drastic action. The dread of being stamped as criminals will, in itself, go a long way towards preventing the crime, for, to all intents and purposes, the French system will tend to make social outcasts out of those who are making undue profits. The time has come when the state should intervene in every country to define what are legitimate profits that can be made out of the necessaries of life. It is such centralization of capital in the hands of individuals or groups of individuals as is brought about through a system of undue profits that is the outstanding reason for the unrest that prevails among the consuming public. It is the duty of Governments to apply the remedy. France has set an example the effect of which will presently be felt around the earth.

MR. LLOYD GEORGE'S WARNING

Premier Lloyd George's warning to the little nations against seeking to annex territories not their own is clearly a piece of advice to Jugoslavia. The attitude of the Jugo-Slavs in their claims for all Dalmatia, Fiume and portions of Istria, in opposition to the age-old rights of Italy, constitutes a stumbling-block at the Peace Conference which threatens to disrupt the feeling of amity between the nations. It has always been apparent Britain would uphold Italy's rights, and the soundness of this contention is further sustained by the latest utterance of Mr. Lloyd George. The Italo-Jugo-Slav controversy will be on a fair way towards peaceful settlement if the new state avoids the pitfall of error to which Britain's Prime Minister points. The future of Jugoslavia is dependent on the goodwill of Italy. The latter country, which is inspired by peaceful intentions, in the event of a just settlement of the present difficulty, is likely to become the best friend of the new state made up of the Serbs, Croatians and Slovenes.

LETTERS TO THE EDITOR

No letter to the editor will be inserted except over the proper signature and address of the writer. This rule admits of no exceptions.

Stuart Valley Lands

Sir—As reported and mentioned to me by persons present, the Hon. W. J. Bowser's repetition at the Conservative meeting held on last Friday evening of his reiterated and misleading remarks in respect to the Stuart Valley Lands reserved for "soldier settlement," leave me, with knowledge of the circumstances under which his acquaintance with conditions in that district was obtained, no option but to state a few facts that may assist to a truer conception of these as they are.

I had the pleasure of meeting Mr. Bowser on October 4th last about midday on the wagon road; he was then on his way north to Stuart Lake, some 18 miles distant. On my return to camp that evening at 7 o'clock I was told that Mr. Bowser's car had passed south.

This reserve is a large tract of land, being fifteen to seven miles wide, by some thirty miles long, and through which flow the Stuart and Necoslie Rivers. The Stuart Valley lands proper would not be seen on such a drive and as stated to Mr. Bowser himself, no decision should result from such a cursory inspection.

It is not necessary to make any statements in rebuttal at this time. This ground is covered by reports already submitted of last season's work, which was a sub-division of 80,000 acres, or one-half the reserve and included a re-examination of the original surveys in detail, when subdivided. The average cost of clearing over the whole area was adjudged at $23 per acre.

Relating to communication or distances from the Grand Trunk Pacific Railway: The tract stretching southeasterly for nearly 40 miles of river is all the time converging towards the railway. At its north end on the Stuart Lake, it is 35 miles distant by wagon road; this could be easily reduced to 30. At a point about half way southeasterly, or in the centre, it would not exceed 14, while at the south end, 11 miles would cover the distance to the Grand Trunk.

There are 476,000 acres of land already surveyed in this Stuart Lake Basin, including Trembleur Lake and Middle River Waterways and other unsurveyed tributary areas favorably reported on.

Railway construction of simple and economical character may be carried throughout the valley. With an influx of people in here, this would be brought about in its own time. Now, during this period of rehabilitation, where settlement and such works of construction may be instituted to serve each other, it would seem a justifiable move to bring this territory in without delay.

With a knowledge of most of it elsewhere, I subscribe the opinion that the Stuart Valley is second to none, if not superior to any other tract of land of large dimension in this province. The rainfall is right and the climate excellent and healthy; a hard but short Winter and pleasant Summer.

The Stuart River from the G. T. P. Railway, north for 200 miles, is navigable for small sized motor boats.

J. H. GRAY, M. E. I. C., B. C. L. S.
112 Pemberton Block, Victoria, B. C., March 3, 1919.

GYMNASTIC DISPLAY AT ST. MARGARET'S

Dancing and Drills Given Before Large Gatherings of Spectators Friday and Saturday Night.

Large audiences on Friday and Saturday nights witnessed the gymnastic and dancing display held at St. Margaret's School, the high standard of excellence which always has characterised the work of the girl pupils under Miss Cotsworth's direction being still more apparent on these occasions.

Spectators greatly enjoyed the marching and drill of both the senior and junior classes. The balancing, climbing, vaulting, and other feats of the juniors, were especially fine, while much amusement and laughter was caused by the blindfold drill of the senior girls. Even with their eyes covered, they were able to respond alertly to the commands given. The little kindergarten class was greeted with much applause at the close of their display, showing amazing smartness on a diminutive scale quite in proportion to the size of the tiny tots.

The special feature of the evening was the dancing by some of the girls from each class. Each item was executed with grace of movement and daintiness. The two solo dances by Miss Mollie Hibben, a gavotte and toe-dance, were delightful. This young dancer was particularly light and dainty in the toe-dances, which elcited much aplause. Brahms' scarf dance by Miss Ruth McBride, "The Rustle of Spring," composed by Miss Cotsworth and danced by Miss Mary Phillips and Miss Ada Algar, were also very much admired. The Flower Dance by the intermediate dancing class, and the Chopin Waltz by the senior class in their bright and gossamer dresses were most effective. The Dream, in which the kindergarten dancers wore the costumes of teddy bears, delighted the onlookers.

The entertainment each evening was brought to a very happy conclusion by the final tableaux, consisting of groups representing all the Allies, in costume, assembling finally around the Red Cross, with "Rule Britannia" in the centre.

The whole display reflected the greatest credit on the physical instructress, Miss Cotsworth.

Programme

The following is the programme in full:

Marching, senior school; gymnastics, juniors; Furlane, senior dancing class; The Dream, kindergarten class; ropes of jumping, seniors; gymnastics, intermediate; gavotte, Molly Hibben; country dance, kindergarten; gymnastics, senior school; Flower dance, intermediate; Brahms' Scarf Dance, Ruth McBride; kindergarten gymnastics, kindergarten; Chopin Waltz, dance, intermediate; old girls' race; vaulting, senior class; Rustle of Spring, Mary Phillips and Ada Algar; blindfold drill, senior girls; "Loin du Bal," Molly Hibben. God Save the King.

Lemons Beautify!

Strain lemon juice well before mixing and massage face, neck, arms, hands.

Here is told how to prepare an inexpensive lemon lotion which can be used to bring back to any skin the sweet freshness of which it has been robbed by trying atmospheric conditions. Wind-chafe, roughness, tan and redness are warded off and those tell-tale lines of care or of age are softened away.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white, makes a whole quarter pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothener and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands, and see for yourself.

"GOLD-BRICK" FOR SETTLERS

Continued from Page 3

Federal Government, which the latter, in turn, had got from the province. Sir Charles had taken the stand that the lands had been granted by the province to the Dominion with the minerals to assist in the building of the E. & N. Railway and in turn had been handed over by the Dominion to Mr. Dunsmuir as part of the consideration for the building of the railway. That, a sacred contract between the two governments, is being repudiated by the province.

Disallowance

Mr. Bowser quoted from the opinion as expressed by Sir Charles to the Governor-General on the question of the disallowance of the 1904 Act to prove that Sir Charles took the stand that the Act of 1904 passed by the Conservative Government did not divest the E. & N. of any of its title, but simply put the settler in the position by the Province giving him title that he could go into court and attempt to assert a title to the under-surface rights, but which he could not have asserted in his own right. But the McGregor case carried to the Privy Council, decided differently from the opinion given by Sir Charles Fitzpatrick, for the Privy Council decided that the Act of 1904 actually divested the E. & N. of its under-surface rights and if it had not been for the 1904 Act the railway company's title would have been incontestible.

As soon as the former Conservative Government found its 1904 Act was constitutional and conserved the coal rights to the settler, taking it from the E. & N., it had negotiated with the latter company to the end that it might give the company new lands for those it had taken for the settlers. But under the 1917 Act and under the bill before the House the present Government had no intention of giving new lands to the company in lieu of those grants made to the Granby Company. Had it not been for the McGregor case and the fact that the then Minister of Justice, Sir Charles Fitzpatrick, had taken the attitude he did, the 1904 Act would have been disallowed. The 1917 Act was in force for nearly a year and, under the B. N. A. Act, was as binding as any law on the statute books. So that if the preent Government had really desired to give protection to the settlers, to give them grants, it had the fullest possible opportunity of doing so, Mr. Bowser claimed.

Looked For Square Deal

"Who took their rights away from those settlers? Why, this Government," declared the Opposition Leader. "I and my supporters believed there would be an honest administration of that 1917 Act, that the settlers would be given a square deal. But did they get from this Government? Two grants to a large corporation; not one to the 178 poor settlers the Ministers is ready to die for. What was the consideration for those two grants? Your imagination may give the answer. We have heard so much about this democratic Government, the poor man's friend, so much about the speculator. But they rush through those two grants for "this American lobbyist Treat, from Seattle," and then sit down and forget all about the poor settler. When my friend the Minister of Mines goes back and tells them of the fight to the death he, this second Oliver Mowat, this champion of Provincial rights, put up for the rights of the poor settler, will he, I wonder, give them a satisfactory explanation how he granted rights to the Granby Company, but failed to give a single consideration to those 178 settlers' application?

"We supported your measure in 1917 because we believed that it would mean a finality in this matter and every settler entitled to rights would receive them. We were ready to help this Government to assist the settlers. In order that the settlers may know the kind of treatment they have received, and believing this bill will never be law, I will not stultify myself by voting for it. I will not give my vote for a piece of useless legislation and I welcome this opportunity to raise my voice in this House in order that the settler living along the E. & N. may know how he has been deceived by the present Government, while their friends, the Granby Company, received their only consideration," concluded the Leader of the Opposition.

A Political Football

No attempt had been made by the Leader of the Opposition to refer to the rights of the settlers, Mr. Hawthornthwaite, Socialist member for Newcastle, thought, but merely one to substantiate his right and that of his party to vote against the bill. He read a lecture to Mr. Bowser for what was the latter's attempt, he believed, to make politics out of the question. He argued that the Acts of 1883, to which the Leader of the Opposition had not referred, had made it clear that the land belonged to the settlers and the Privy Council had sustained that Act and had held the E. & N. had no right to the under-surface rights. It was quite true the question of the actual rights of the settlers had not been argued before the Privy Council. The settlers under the Terms of Union had gone on the lands feeling they had full right to do so. In 1871 a reserve had been placed upon the lands in question and shortly afterwards another reserve had been granted. The Settlement Act 1883 had confirmed the position of the settlers, embracing every form of alienation. The mere fact they were not then granted their pre-emption claims did not mean that they had not filled their duties in every respect.

Looks for Motive

Was the Opposition Leader endeavoring to encourage the Lieutenant-Governor to refuse to assent to the Bill before the House? If so, in whose interest, the E. & N., the settlers, or the Granby Company? The late McBride Government had had an excellent opportunity to settle the whole matter, Mr. Hawthornthwaite believed. Mr. Dunsmuir had offered the whole E. & N. land grant, the minerals and the railway to the Province for $2,250,000. He (Mr. Hawthornthwaite) had urged the Government that the offer be accepted. Latter the company had offered the Province the coal, but the then Government had not accepted that offer. The E. & N. later sold the surface rights and the railway to the C.P.R., and later alienated the coal to Messrs. McKenzie & Mann. The land had been given free of taxation to the company, except where it might subsequently be alienated. It was sold to the Mackenzie & Mann interests, and why had it not then been made subject to taxation?

Hon. Mr. Sloan: It will be.

Mr. Hawthornthwaite asserted the sale to the McKenzie & Mann interests was under an optional agreement, a secret plan, devised, he suggested, for the purpose of defrauding the Province of its just right to levy taxation. If the company were forced to pay up that back taxation it would mean millions for the exchequer of the Province. Those gentlemen, he asserted, did not know, apparently, upon what thin ice they were skating when they attempted to defeat the rights of the people and balk the settlers of their just dues.

What did the whole matter amount to, after all, only half a dozen cases where coal areas were concerned, Mr. Hawthornwaite remarked as he referred to the unrest in Russia, due largely to corporation methods, and he hinted at something similar in this country unless the rights of the people are better conserved. He hoped the Lieutenant-Governor would not see fit to refuse assent to the bill. But if he did, what was the House going to do? Did the Lieutenant-Governor expect the members to tamely lie down? Every member of the House, he declared, should vote for the Bill. If the Federal authorities refused to consider the undoubted rights of the Province in this case, would that be the end? He did not think so, but rather would Ottawa go on step by step until every one of the Terms of Union had been assailed. It was the duty of the Province to assert its Provincial rights to the utmost, he declared.

SOCIAL AND PERSONAL

Mr. A. Cunningham, who for some months past has been editor of the Sidney and Islands Review and Saanich Gazette, left on Sunday for England, with the intention of bringing Mrs. Cunningham and young son to British Columbia. During Mr. Cunningham's absence the editorial and managerial work of the paper will be in charge of Mr. H. F. Cross, an experienced newspaper man, who has been with the Review for something more than a month.

Alexandra Carlisle, the distinguished English actress, is to play in Vancouver next week in "The Country Cousin." Miss Carlisle played Portia to Sir Beerbohm Tree's Shylock in "The Merchant of Venice," Paurette Taylor's role in "Alias Jimmy Valentine" with Gerald Du Maurier, the role of Everywoman when it was produced at Drury Lane Theatre. She was born in Yorkshire, went on the stage when very young, and is generally conceded to be one of the most talented actresses behind the footlights today.

Mrs. R. M. MacLeod arrived on Monday from Winnipeg and is visiting Mrs. Louis York.

EX EMPRESS OF BRITAIN

The party of veterans ex Empress of Britain, which left Calgary yesterday morning are not expected to reach the Coast until tomorrow afternoon, and will in all likelihood not arrive in Victoria until Wednesday morning by the early boat from Vancouver.

Governor of Oregon Dies

SALEM, Ore., March 3.—James Withycombe, Governor of Oregon, died at his home here tonight. He had been ill for many months, but had continued to transact official business until a week ago.

GRANT AFFILIATION TO U. S. VETERANS

Dominion Association of Army and Navy Veterans Readily Accedes to Request From U. A. W. V.

At a meeting a few days ago of the Dominion Association of the Army and Navy Veterans a letter was read from the chairman of the United American War Veterans, having headquarters at New York, seeking affiliation with the association, and as their aims and objects were recognised to be practically the same as those of the Canadian organization, the executive of the A. N. V. endorsed the action of the secretary in consenting to such affiliation.

"The Veterans' Association, of London, England, in reply to a letter from the Dominion Secretary, agreed to our request for affiliation with their association, said affiliation to cover all our units from Coast to Coast," notes a communication received here from the Dominion Association, Winnipeg.

This second paragraph is of especial interest locally, as affiliation with the Veterans' Association of London, England, was put through by the Victoria Unit of the Army and Navy Veterans' Association.

CLAIMS LIQUOR SALES WERE ILLEGALLY MADE

Opposition Leader Wants Facts Concerning Certain Sales to Prohibition Commissioner Contrary Act

Some statements which may lead to disclosures in connection with the sale of intoxicating liquor to the late Prohibition Commissioner were made before the Public Accounts Committee yesterday morning.

Mr. R. H. Pooley asked why purchases of liquor had been been made by the Commissioner from the Victoria Liquor Company, Limited.

The Public Accounts showed that the sale had been made to the Government liquor vendor in November, 1917, or after the Prohibition law had gone into effect, and, according to the statutes, it was illegal to sell. The sale was made one day and payment received the next day.

Mr. W. J. Bowser pointed to several sales which had been made to the commissioner, and said he could find nothing in the Act permitting such sales. It was lawful for the commissioner to purchase liquor which had been seized by the sheriff, but all other sales were held to be illegal.

Victory-Liberty Loan

WASHINGTON, March 3.—The Victory-Liberty Loan Bill, authorizing $7,000,000,000 additional securities and one billion for foreign commerce extension by the war finance corporation, was signed today by Vice-President Marshal and Speaker Clark and sent to President Wilson.

SERGT. JOHN W. DOBBIE.

His numerous friends here will be delighted to hear that word has been received by the parents that Sergeant John W. Dobbie, son of Mr. and Mrs. John Dobbie, of 708 Admiral's Road, has been awarded the D.C.M. "for bravery in France." The news came in a letter from Sergt. Dobbie dated London, February 5, he having received his decoration the previous day. The action in which he won the D.C.M. occurred some four months ago. He left with the 67th Battalion in March, 1916, and later transferred to the 54th Battalion. He is a native of Scotland, twenty-three years of age, and lived here about eight years before he joined for service overseas.

A brother, Gunner Joe Dobbie, left with the R.C.G.A. in June, 1916, and in May, 1917, was severely wounded, losing his left leg and incurring a score of other wounds. He returned to Canada last October.

GNR. JOE DOBBIE.

THREE PARTIES START WEST ON SAME DAY

Returned Soldiers Ex Belgic, Lapland and Scotia Left East March 1—Melita Party March 2.

The British Columbia Returned Soldier Commission, Parliament Buildings, Victoria, has been advised by telegram from the O.C. Clearing Service Command, Halifax, N.S., that the following party of returned soldiers, ex Belgic, left there for Quebec on March 1st, and will proceed to this district:

For other places on the Island—J. Fletcher, Duncan; Lieut. R. H. Vaughan, Duncan; G. Bennett, Wellington; H. C. Brown, Cumberland; R. Cameron, Hambury P. O.; G. P. Cook, Chemainus; S. W. Dawson, Quathiaski Cove; F. Galant, Chemainus; W. Gibbs, Shawnigan Lake; H. J. Johnson, Pender Island; H. Leithead, Union Bay; S. A. Woolgar, Crawford Bay; T. J. McKenna, Westham Island; Lieut. E. Frost, Alberni; Capt. J. C. Johnstone, Port Alberni.

Ex-Scotia

The following officers and men, ex-Scotia, left on March 1 at 1:50 for this district:

For Victoria: J. C. Armstrong, 435 Niagara Street; J. Armour; F. Barford; A. A. Aldridge; D. G. Braydon, C. H. Braydon, Parkdale; F. Bureau, 910 Devonshire Road; E. Bayley, Mt. Tolmie P.O.; J. Cranshaw, General Delivery; A. S. Caldwell; D. Donaldson, 1429 Richardson Street; J. F. Erskine, 225 Robertson Street, Foul Bay; J. R. Gaskell, 910 Devonshire Road; J. C. Holmes, 2559 Quadra Street; T. C. Hobbs, 450 Davida Avenue, the Gorge; C. J. Hardy, 225 Skinner Street, Victoria West; W. James, James Bay Hotel; J. B. King, 834 Broughton Street; T. H. Lee, 1951 Bee Street; N. Lynn, 1314 Pembroke Street; W. Bidstone, 1433 Bay Street; J. J. Lester, General Delivery; H. W. Mayar, Ht. Tolmie P.O.; G. W. Tanner, 1145 Fisgard Street; E. E. Riley, 4220 Craigflower Road; F. G. Rust, 2310 Richmond Road; G. A. Rawlinson, 311 Simcoe Street; A. Patton, 442 Superior Street; E. W. Prior, 324 Stannard Avenue; A. H. Parker, Mt. Tolmie P. O.; F. Liddell, 2857 Cook Street; G. C. Sanson, 1828 Linden Avenue; J. Robins, 1014 Caledonia Avenue.

For Nanaimo: J. Broadbent, E. R. Evans, L. Watson, J. R. Cottle, J. Foy.

For other places on the Island: Cpl. C. H. A. Armour, Duncan; W. J. Bencott, Sidney; J. D. Catchpole, Courtenay; A. W. Douglas, South Salt Spring Island; G. R. Flood, Port Coquitlam; H. Goos, Cumberland; Lce.-Cpl. Isitt, Merritt; V. W. Jones, Qualicum Beach; W. J. Taylor, South Wellington; A. Pallow, Fulford Harbor, South Spring Island.

Ex-Melita

The following returned soldiers, ex S.S. Melita, left St. John, N.B., with their dependents by special civilian train about 6 a.m., March 2, 1919:

For Victoria: Lieut.-Col. W. N. Winsby, 1022 Southgate Street; Lieut. Albert R. Harrigan, care Bank of Donald W. Hodsdon, G.P.O.; Lieut. Commerce; J. J. Grimston, Sims Avenue, Maywood, B.C.; A. Hampton, 1325 Balmoral Street; J. Kelly, G.P.O.; A. J. Martin, 161 Lee Avenue; J. Mills, G.P.O.; J. J. Morris, 3287 Glasgow Avenue; J. A. White, G.P.O.; D. Muir, 819 Cook Street; A. Byatt, G.P.O.; A. W. Moffatt, 115 Ontario Street; W. E. Danby, 642 Niagara Street; Lieut. Donald W. Hodgson, G.P.O.

ILLICIT STILL AND LIQUOR SEIZURE

Inland Revenue Officers Take Possession of Alleged Illegal Outfit at Cowichan Lake

NANAIMO, March 3.—Percy Bobo and Archibald Tidderington, residing near Cowichan Lake, appeared before Magistrate Beevor-Potts this afternoon, charged with having a still and other appliances for the manufacture of spirits, not having a licence. John Shaw, of the Inland Revenue Department, who prosecuted, asked for adjournment till tomorrow afternoon to complete the evidence. Besides the still the police seized two barrels of brew under fermentation in Bobo's house, while three gallons of spirits were found with Tidderington. Bobo tried to get away, but Constables Mustart and Keir located him in a shack beside the Calee about 4 a.m. on Sunday, both men being brought into Nanaimo.

New Spring Styles in Millinery

Semi-rough straws, such as English twist fisole, and other novelties, divide attention with Milans, tagel, lustrous liseres, and combinations of braid and ribbon, crepe and braid, and satin and lisere, in the new Spring models. Indications point to the supremacy of small and medium hats. Crowns are lower, softer and more generally becoming. Individuality is largely a matter of brim; all sorts of odd angles, curves, clefts and convolutions being represented. Turbans, sailors, tricorns and mushrooms, are the popular shapes. The popular colorings shown are the new henna shade, jay blue, dust, nigger, grey and navy.

Ready-to-Wear Hats—$4.00 to $7.50
Pattern Hats—$8.75 to $16.75

PROPHECY APPLIED TO LAST GREAT WAR

Seven Words of Scripture Prevented Germany From Accomplishing Her Purpose, Declares Evangelist at Royal

"Twenty-five hundred years ago Germany's failure in her supreme effort against the Allies was outlined in the prophetic Word," was the statement of Evangelist C. E. Wood in his first lecture in the Royal Victoria Theatre Sunday afternoon. Quoting the prophet Daniel's interpretation of Nebuchadnezzar's dream as the authority for his statements, the speaker outlined the rise and fall of four great world-empires, Babylon, Medo-Persia, Greece and Rome, symbolized by the head of gold, breast and arms of silver, sides of brass and legs of iron of the great historic image.

To show how the modern European nations were included in the prophetic outline reference was made to the statement in Dan. 2:41, "the kingdom shall be divided," and historical data given to show how Western Rome was divided into ten parts between the years 357 and 483 A. D., and attention was called to the fact that the Anglo-Saxon division is today known as England, the Franks as France, the Alemanni as Germany, etc.

Seven words of this remarkable prophecy prevented ex-Kaiser Wilhelm from accomplishing his purpose, as they had blocked Charlemagne and Napoleon Bonaparte from welding the broken fragments of the old Roman kingdom into another world-empire, declared the evangelist. The history of the past four years has again demonstrated that "they (the modern European nations) shall not cleave one to another."

The message of the lecture became apparent as the speaker emphasized the 44th verse: "In the days of these kings (which he explained to be the present European nations constituting the division of the old Roman Empire) shall the God of Heaven set up a kingdom which shall never be destroyed."

"This kingdom," declared the speaker, "will not be set up by the conversion of the world or by any gradual process, but by the personal coming of Christ in the clouds of Heaven," which, according to the prophecy, will be while the modern European nations are still upon the stage of action.

An earnest appeal was made to the large audience to heed the admonition of the prophecy and to make sure of an inheritance in that everlasting kingdom so soon to be set up.

City and District in Brief

To Hold Tournament—A military 500 tournament will be held in the Victoria Red Cross rooms, 413 Craigflower Road, Thursday at 8 o'clock. A large attendance for a cause that needs it is earnestly wished for.

Grant for War Trophies Display—The City Council last night authorised a grant of $200 for the payment of part of the incidental expenses in connection with the exhibit of war trophies in the Hudson Bay Building March 19 to 31.

Welcome Cards for Veterans—The City Council authorized the Welcome Club to proceed with the printing of 3,500 more cards of welcome and recognition for returned soldiers on their arrival here.

Army and Navy Veterans—The City Council decided to ask the Army and Navy Veterans' Association to send a delegation to the Streets Committee Friday to discuss a suggested contribution for the relief of distress among needy soldiers and sailors.

Leg Fractured—Mrs. Charles Provis, of 773 Burnside Road, had her leg fractured when struck on Saturday night by a motor car driven by George Edwards, of Cadboro Bay. The accident occurred in Oak Bay Municipality. The police patrol conveyed the injured woman to the Jubilee Hospital.

Opium Smokers Punished—Chung, Chinese keeper of a joint raided by the police on Sunday afternoon, was sentenced in the Police Court yesterday to two months in jail. Haw and Joe Quinn, inmates of the place, were fined $15 and $2.50 costs. Sergt. Fry and Constable Bishop, Hatcher, Smirl and Strange made the raid.

New Manager of Royal Bank—Mr. W. A. R. Heater, a banker of many years' experience, has arrived in the city to take up the duties of manager of the Royal Bank. Mr. Heater came to Victoria from Winnipeg, where he had been acting as Inspector of the Royal Bank's Central Western branches, his field covering Manitoba, Saskatchewan and Alberta. He is not a stranger on the Coast, having acted as Inspector of the Traders and Royal Bank while residing in Vancouver.

Gordon Head Wants Water—A deputation from Gordon Head waited upon the Saanich Council on Saturday evening and presented a largely-signed petition asking for the installation of water service in the district. Those forming the deputation were Messrs. Thomas Walker, G. A. Vantreight, H. M. Ozard, H. A. McNaughton and Councillor Sommers. The suggestion was made that an extension of the service from Shelbourne Street would be satisfactory. The council promised careful consideration by the Water and Sewers' Committee. Mr. Samuel Jones has purchased thirty-six lots in the Strawberry Vale District from the Council.

Langford Institute Meets—The postponed annual meeting of the Langford Women's Institute was held on Tuesday, February 25. The secretary-treasurer reported the sum of $192 raised during the year. The following patriotic objects received donations: Prisoners of War, $46; Red Cross, $31.71; Blue Cross, $26.20; Navy League, $3; Field Comforts, $7.50. A delegation was appointed to meet the Colwood members to discuss the possibility of arranging for a resident nurse in the district. The thanks of the meeting were tendered Mr. and Mrs. Greenwood for the use of the room in which the meetings have been held; The Colonist; Messrs. Thom, Frewing and Mackie, and to Miss B. Thom for acting as librarian. The following officers were elected: President, Mrs. Morrison; vice-president, Mrs. Goucher; secretary-treasurer, Miss Pimlott; directors, Mrs. Watt, Mrs. Pike, Miss Dynes.

Entertainment at Royal Oak—The members of St. Michael's Junior W. A., who have been organized only about four months under the presidency of Miss M. Littler, held a very successful entertainment on Friday evening at Royal Oak Hall. A good audience nearly filled the capacious hall. Delicious home-made candies were sold before the commencement of the programme, which consisted of vocal and instrumental solos by the Misses Goyette, Kinnaird and Ryves, a musical dialogue by members of the branch, ably assisted by Miss Kathleen Butt, entitled "Ten Little Silver Dimes," after which a lantern lecture by the vicar, Rev. C. R. Littler, on "A Trip Through the Rocky Mountains," illustrated by an assortment of excellent photographic views of the mountains and of some scenes in the Northwest, was much enjoyed by all present. At the close of the lecture refreshments were served and after singing "Auld Lang Syne" and the National Anthem the audience dispersed well satisfied with the evening's entertainment, the proceeds of which are to purchase materials to be worked up by the fifteen members of the branch for a bazaar to be held shortly after Easter.

GRAFTING AND PRUNING

Ward Seven Cottage Gardeners' Association Hear Lectures on Subjects of Interest.

A lantern lecture on graftng and pruning was given last Wednesday evening under the auspices of the Ward Seven Cottage Gardeners' Association at Tillicum School. The lecturer was Mr. Mauson, Provincial Horticulturist of the Fraser Valley section, and he was listened to by a large and keenly interested audience.

Commencing with the nursery work of raising fruit trees, he strongly advised his audience to be most particular in choosing good, strong stock. Several pictures were shown on the screen of different qualities of trees, which he dwelt on at considerable length in explaining the good and bad points. Pictures were then shown of different modes of planting together with the planting board in use and the distances apart and depths to be placed in their permanent quarters. Going on to the pruning, he advocated the most scientific methods practised in the great commercial orchards of British Columbia and Washington. That was the modified head system and drop the Dutch hair cut or ornamentation of a fruit tree which is so commonly practised by some pruners. Here again several pictures were shown, which had been gathered from all over the Province by the Department of Horticulture of good and bad pruning. Great interest was aroused when an orchard scene was shown after being pruned with an ordinary carpenter saw and a grub hook, showing the Oriental in the act of his idea of pruning. This scene fully convinced the owners of fruit trees to get the best advice or assistance possible, as it was very distinctly proven what damage could be done in a very short time to a valuable tree. The time allotted for pruning had been exceeded, so the remaining pictures, numbering about one hundred and fifty, were shown more rapidly and briefer talk given, excepting in special cases, where failures are often caused. This Mr. Munson went into in a very simple manner, explaining details in the easiest way, so that any one could grasp the meaning.

After talking for two hours on pruning, he gave a demonstration of grafting, having a considerable quantity of wood with him. He first of all prepared the cions and handed them around. The manner in which Mr. Munson prepared the scions was a lesson in quickness. Making four cuts on each, they were turned out as fast as two of the audience could passed them around. Cions, where cut for cleft, whip and tongue grafting, each be placed in their proper stocks, and passed them on for inspection. He then completed the operation by waxing. He guaranteed that 90 per cent would grow, providing the intended grafters remembered the three things he had several times impressed upon them. They were preparation of the cions, the stock and season, and to be very careful in waxing.

After the lecture pamphlets were handed around on the subjects. Also there were several questions to be answered of local habits of fruit trees and pests, and, after the adjournment, the lecturers were kept busy talking to different orchardists.

The Ward Seven Association wish to thank the lecturers, Mr. White, Mr. Munson and Mr. Shotbolt, and show their appreciation for kindly giving the lecture, especially when they are so short of assistance.

This year there are membership cards for anyone keen to assist in making the show a success.

NERVOUS ENERGY

life's momentum, depends upon a well-nourished body. When strength is depleted and the body lacking in essential nourishment, the nerves are the first to suffer.

SCOTT'S EMULSION

simon-pure in substance, rich in tonic qualities, nourishes the whole body and strengthens and steadies the nerves. Wherever the sun shines, Scott's is the recognized standard tonic-food and conserver of strength.

Government analysis proves that **LIBERTY BRAND MACARONI** is absolutely pure and made from the best hard wheat flour. It contains no potatoes, ground beans or any other adulterant so commonly used in inferior cheap macaroni. Our factory is open to inspection.

MODERN MACARONI FACTORY, Wholesale and Retail, 642 Cormorant St.

Remember, when you buy cheap, low grade Macaroni, you are not paying for purity and cleanliness.

How Fat Actress Was Made Slim

Many stage people now depend entirely upon Marmola Prescription Tablets for reducing and controlling fat. One clever actress tells that she reduced two to four pounds a week by using this new form of the famous Marmola Prescription and now, by taking Marmola Tablets several times a year, keeps her weight just right. All druggists sell Marmola Prescription Tablets at 75 cents for a large case. Or you can get them by sending price direct to the Marmola Co., 864 Woodward Ave., Detroit, Mich. If you have not tried them do so. They are harmless and effective.

FARE AGREEMENT MUST BE FINAL

Utilities Commission Will Be Unable to Revise Charter, Solicitor Finds — Essential Clause Omitted From Bill.

"It absolutely makes the Public Utilities Bill perfectly useless to the city of Victoria."

This was the verdict of City Solicitor R. W. Hannington, given to the City Council last night, in respect to the new legislation affecting the B. C. Electric charter here. He stated that he had only just discovered yesterday afternoon that Clause 28 had been left out of the Public Utilities Act, and that this omission virtually made it impossible to have the proposed agreement with the B. C. Electric regarding six-cent fare and return concessions revised by the board when it is appointed. In other words, the new condition will leave the situation with regard to the Johnson Street bridge, unrestricted use of streets, the payment of a percentage of profits and other details, in the same position as they are now for the balance of the fifty years covered by the charter.

Mr. Hannington said the company's draft of the agreement appeared to him to contemplate the immediate institution of the six-cent fare. This was required by the company because of Section 11 of the Public Utilities Bill, which he said provided that rates actually charged by a public utility company when the legislation becomes effective cannot be altered even by the company itself, nor by a city council, and can only be changed by the commission after a thorough probe of the company's income, investments, expense, etc. It was Mr. Hannington's belief that this provision, while operating in favor of the company at Vancouver, would operate against it in Victoria unless the six-cent fare was actually in effect when the bill became the law of the land.

No Jitney Compromise

Mr. Hannington told the council that he had been informed that the B. C. Electric flatly refuses to compromise in respect to jitney competition, and that it will not be satisfied with a by-law prohibiting the operation of competing jitneys unless the Council undertakes to see that the ordinance is absolutely enforced. He stated that the concessions in respect to six-cent lighting rates, special rates to children and maintenance of roadbed, were not made in consideration of the privilege to charge more for car fare, but as a result of the Council's undertaking to curb competing jitneys. If the elimination of jitneys is once decreed by the Council, it is to be permanent, the railway insists.

Children attending private school will be given no special privileges in the new agreement, according to Mr. Hannington, who added that under the company's draft children other than school children, or children travelling in non-school hours, will not be carried at half fare, but only at the rate of two children for one fare. That is the only concession; children travelling singly may be required to pay full fare.

Street Upkeep

The street maintenance proposed by the company, Mr. Hannington stated, will be confined on permanent pavements to a space of eight inches on each side of each rail and will not include the remaining space between the rails or the "devil strip." I nthe case of macadam roads, the company undertakes to keep in good shape the entire space between the rails and for eight inches outside the rails. This is the same arrangement as has been in effect in Vancouver for eighteen years. The Vancouver Council is now dickering for an agreement by the company to keep in repair the roadbed for a space of eighteen inches outside of the rails, including the "devil strip," and everything between the rails and on all classes of streets, whether paved or unpaved.

With the bill as it is today, Mr. Hannington said, it would be impossible for the city of Vancouver to appeal the six-cent fare before the Public Utilities Commission.

The City Council deferred further action in the matter for one week.

Return of U.S. Troops

WASHINGTON, March 3.—One reason why the return of troops has been slowed up, Secretary Baker explained today, is that Great Britain withdrew troopships to carry home Canadian and Australian soldiers, who had been in service longer than Americans, which, he said, was a perfectly proper procedure. He reiteraetd that by April 300,000 American troops would be returning monthly.

GUM TENDERNESS —A TOOTH-MENACE

It *is* true that four out of five people over forty suffer from gum-shrinkage, or Pyorrhea (Riggs' Disease). But many people even under thirty have Pyorrhea. Women, particularly after the baby comes, are peculiarly subject to Pyorrhea. At such time they cannot be too careful about their teeth.

Pyorrhea commences with tender gums, or with gum-bleeding, at tooth-brush time. Gradually the gums become spongy. They inflame and then shrink. The teeth become exposed to decay at the base and tiny openings in the gums become the breeding places of disease germs which infect the joints—or tonsils—or cause other ailments.

Beware of that first gum tenderness! Try Forhan's for the gums. It positively prevents Pyorrhea, if used in time and used consistently. No ordinary tooth paste will do this.

And Forhan's cleans teeth scientifically as well. Brush your teeth with it. It keeps the teeth white and clean.

If gum-shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment. 30c and 60c tubes. All druggists.

FORHAN'S, LTD., 307 St. James St., Montreal.

REJECT WAGE LIST; SUGGEST A PARLEY

City Council Committee Ready to Discuss Terms With Civic Employees, Who Turn Down Proferred Increases.

When it received last night a communication from the Civic Employees' Protective Association, declining to accept the aldermanic committee's proferred wage scale, the City Council took prompt steps to avert a repetition of last year's protracted dilemma. It was decided that the association should be notified that the conciliation committee of the council is ready to discuss terms and settle the controversy with as little delay as possible.

The association suggested the appointment of a joint committee composed of four members of the council, exclusive of the members of the committee which already has reported on the schedule, and four members of the association, "to attempt to bring about an amicable settlement."

Ald. Watson Clark thought the request should be granted. The Mayor, however, reminded the council that he had already appointed a committee to deal with civic wage disputes and he was averse to naming another one.

Must Get Together

"I understand the committee was asked to interview the employees, and it has not done that," said Ald. Clark. "What we have got to do is to get together."

"We don't want to see them apply to Ottawa any more. We had enough of that last Spring," said Ald. Harvey, who suggested the appointment of a conciliation board composed of one alderman, one civic employee and a chairman agreeable to both.

City Solicitor R. W. Hannington stated that the council had no power to place responsibility on a body so constituted. If the grievance between the Council and the employees could not be settled among themselves, the only channel was by way of the Conciliation Act.

"The employees haven't asked for conciliation," claimed Ald. Patrick, who objected to what he believed was hasty action by the association. "They have rejected our proposal of compromise right off the bat, and this is the first we have heard of it," he said.

"At the beginning of the year we promised them arbitration, and we have not offered it to them," asserted Ald. Harvey.

Must Consider Taxpayer

Ald. Andros put new life into his last year's arguments against further wage increases. "Are we going to stand back of our guns or give in?" he asked. "We have offered them all we thought we could afford. We have got to consider the taxpayer as well as the employee. If the employees don't like what we offer them, there are other jobs paying just as well."

Ald. Jones proposed a resolution to the effect that the association be notified that the conciliation committee, which consists of Aldermen Patrick, Sargent and Sangster, is ready to discuss terms.

"The impression seems to be that we refused to see the employees. That is absolutely wrong," declared Ald. Sangster.

Ald. Patrick, chairman of the conciliation committee, referred to the whole procedure as "queer," and said he would be delighted if the Mayor should appoint a new committee."

A resolution put through by Ald. Cameron requested Comptroller Raymur to furnish the aldermen with lists of present city wages and those requested by the association.

MORE CROWDS DROP IN TO SEE CARNIVAL

Great Success Being Met by Comrades of Great War in Connection With Big Affair at Hudson's Bay Building.

Great success is following the undertaking of the Comrades of the Great War in connection with their carnival and fair opened on Saturday night at the Hudson's Bay Building. The proceeds of the venture, the public is once more reminded, will be devoted to the upkeep of the Comrades' club rooms, at the corner of Douglas and Courtney Streets, and as everyone interested in the welfare of the returned man is assumed to be interested in this recently opened hostel, it may be expected that a big crowd will patronise the present enterprise, which has been launched with a view to supplementing the furnishing fund.

The programme each night includes dancing on the mezzanine floor, where a very nice little ballroom has been arranged through the laying of a good floor. There are numerous side shows also, which are proving very profitable and attractive, and the programme for tonight includes a promenade concert, the band to supply the music. As this is quite an unusual innovation, the public are expected greatly to enjoy this feature.

There will also be tonight an attraction for the many who patronise raffles. This is a new five-passenger Ford car, which is to be on view this evening. Tickets are on sale at the Hibben-Bone Store, at Wilkerson's Jewelry Store, at the Veterans' Cigar Stand, the Kent Hotel bar, the King Edward Hotel and the Clubb Cigar Store.

The Best of the New Sheet Music

THE latest publications of the best standard and popular music by all the favorite composers can be found in our Sheet Music Department. The best music—the only kind that is really worth while. Ours is the largest and best Sheet Music Department in the West, and is in charge of competent musicians who will at all times be pleased to play over any selections you may desire. All sheet music sold at popular prices.

AUTO CONCERNS WANT JITNEYS RETAINED

Protest Against B. C. Electric's Demand for Suppression of Competition — Would Hit Supply Business.

Protest against the proposed by-law to eliminate jitney traffic on lines competing with the B. C. Electric, as demanded by the traction company in the six-cent fare agreement, is voiced in a petition signed by five auto concerns and presented to the City Council last night. Action was deferred until next week. There were a large number of jitneymen in the Council Chamber when the resolution, which runs as follows, was read:

"Whereas it has been proposed that the municipal government effect legislation to eliminate jitney transportation in the City of Victoria, and

"Whereas the jitney operators in Victoria by their operation have permitted the public to enjoy much better transportation facilities, and the tramway company has been obliged to give an additional and better service in competing with these jitneys, and

"Whereas the jitney operators have spent thousands of dollars in the City of Victoria in purchasing accessories and repairing their cars, thus assisting the automobile dealers and many other tradesmen, and

"Whereas the jitney operators in this city have always complied with all traffic ordinances, and have operated their cars in a very safe manner, safeguarding the lives of the public, which is shown by the record of accidents.

"Be it resolved, that we, the undersigned automobile and garage dealers of the City of Victoria, respectfully petition the Mayor and the City Council not to take any action that will eliminate the jitney transportation and competition in this city.

OBITUARY NOTICES

The death occurred Sunday at the residence, 746 King's Road, of Ruth, the five-months-old daughter of Mr. and Mrs. Harvey Grath. The little one was born at Vancouver, B.C. The funeral will take place today from the B. C. Funeral Chapel at 2 p.m., where service will be taken by Rev. J. G. Inkster.

The remains of Mrs. Jane Darbyshire were laid at rest in Ross Bay cemetery yesterday afternoon. Service was conducted in the B. C. Funeral Chapel at 3:30 o'clock by Revs. E. G. Miller and J. W. Flinton. There was a very large attendance and a beautiful floral offering covered the casket and hearse. Two hymns were sung, "Nearer, My God, To Thee," and "On the Ressurection Morn." The following acted as bearers: Messrs. J. Owen and G. F. Watson, representing the Saanich School Board, and Messrs. J. J. Wilson, L. A. Campbell, W. Carey and J. O'Neill.

The funeral of Baby Reginald Jameson took place from the B. C. Funeral Chapel yesterday morning. Service was conducted by Rev. H. T. Archbold, and the little child was laid at rest in Ross Bay cemetery.

The funeral of Mrs. Mary Ann Parsons took place yesterday from the B. C. Funeral Chapel, where service was conducted at 2 p.m. by Rev. A. S. Colwell. There was a large congregation of friends and the floral offerings were numerous and beautiful. The hymns "Abide With Me" and "Lead Kindly Light," were sung by the congregation, and a solo "The Christians' Goodnight," was sung by Mrs. E. Musgrave. The pallbearers were Messrs. J. G. Hay, W. N. Mitchell, T. M. Bird, Geo. Penketh, J. E. Thomas and J. Trace.

The funeral of Mr. James Albert Might will take place this morning at 10:30 from the B. C. Funeral Chapel, where service will be conducted by Rev. H. S. Osborne. He was a member of Zeta Lodge No. 410, of Toronto, A. F. and A. M., and members of the Masonic Lodges here will attend the funeral.

COWICHAN'S MEMBER

Private Kenneth Duncan Expected to Be Introduced to Legislature Tomorrow Afternoon.

Pte. Kenneth Duncan, soldier-member for Cowichan, who was recently elected Independent member for that riding while absent overseas, is expected to arrive in Victoria this afternoon or tomorrow morning and to be introduced to the Legislature tomorrow afternoon.

Word received from him indicated that he would reach Vancouver today.

CROIX DE GUERRE

Mr. T. A. Futcher, 1999 Foul Bay Road, has received a letter from his son, Capt. A. T. Futcher, 48th Highlanders, 15th Battalion, telling of his decoration with the Belgian Croix de Guerre. The letter was written from Belgium, indicating that Capt. Futcher is still with the forces, the explanation being, apparently, that his division, No. 1, was delayed considerably in getting back to England through difficulties in railway transportation. At the time that he wrote, however, he hoped to be leaving Belgium about the end of February, and his division would, he anticipated, go into camp in Wales.

METROPOLITANS WIN GAME AT VANCOUVER

Overcome Millionaires by Score of Five Goals to Two—Mackay's Absence Tells on Play of Losers.

VANCOUVER, B. C., March 3.—With the Seattle Mets playing up to their best form and their own team disorganized by the absence of Mickey Mackay, the Vancouver Millionaires lost the last scheduled game of the season with the Mets by five goals to two this evening before the largest crowd of the year, about 8,000 people.

Alex. Irvin lined up with the Millionaires, Frank Patrick changing his mind at the eleventh hour and putting Irvin on instead of Charley Uksila, Duncan going up to the rover's position. Irvin and Duncan were by no means the weakest men on the Vancouver team, but Duncan is a defence man, and the team as a whole missed the hook checking and rushing of Mackay.

The Millionaires led at the end of the first period, 2 to 1, but it was in the first few minutes of the second that the Mets got the breaks of the game, when they scored three goals in quick succession. Bernie Morris grabbed the rubber from the face-off, passed a couple of men and scored in 9 seconds, the disc bouncing off Hugh Lehman's palm into the top of the net.

This put the Mets even with the home crew, and they went at a fast pace for some minutes. It took them 6 minutes to get the next one, Foyston shooting it in. Frank played a fine game throughout the whole match and a minute and 57 seconds later netted the rubber again, on a pass from Morris. There was no more scoring in the second period and the third also went scoreless, until within 21 seconds of the whistle, when Foyston got another.

Line-Up

Vancouver	Position	Seattle
Lehman	Goal	Holmes
Irvin	Right Defence	Rickey
Cook	Left Defence	Rowe
Duncan	Rover	Walker
Taylor	Centre	Morris
Stanley	Right Wing	Wilson
Harris	Left Wing	Foyston
Uksila	Utility	Macdonald
	Utility	Murray

Scoring—First Period: 1, Seattle, Morris from Walker, 3:32. 2, Vancouver, Taylor from Cook, 8:53. 3, Vancouver, Cook from Taylor, 1:09.

Penalties—Seattle: Morris, 3 minutes. Vancouver: None.

Substitutes—Seattle: Murray for Wilson. Vancouver: None.

Second Period—4, Seattle, Morris, :09. 5, Seattle, Foyston, 6:00. 6, Seattle, Foyston from Morris, 1:51.

Penalties—Vancouver: Cook, 3 minutes. Seattle: None.

Substitutes—Seattle: Macdonald for Murray. Vancouver: None.

Third Period—7, Seattle, Foyston, 19:39.

Penalties—Seattle: Macdonald, 3 minutes.

Substitutes—Seattle: Murray for Foyston; Foyston for Murray.

Referee—Ion.

ARISTOCRATS STILL HAVE CHANCE TO WIN

Honors of the P.C.H.A. League Are Not Beyond Their Reach—Last Tussle With Mets Tomorrow.

The Aristocrats leave on this afternoon's boat, en route for Seattle, where they will tangle up with the Mets for the last scheduled game of the season in the Sound city.

The local players are determined to make a supreme effort to annex a victory, as they still have a chance to get into the play-off series, and a victory at the expense of the Mets on their own ice would undoubtedly be a healthy stimulant for the games to follow. The line-up will be strengthened by the addition of Bob Genge, who has been working out the last few days, and, while it is not expected that he will be able to hold down his position for the entire game, his presence on the ice at frequent intervals should be a source of great strength. The Aristocrats have only three more games to complete their season's schedule, one in Seattle, one in Victoria next Friday night, and the last game in Vancouver on the following Monday. Should they by any chance win their three games they would assuredly be in the playoff, and, again, by a certain chain of circumstances, by winning two of their three games they would tie for second place.

With these possibilities in view, the locals are determined to play every card they have in the attempt to keep in the running. Just how the team will line up in tomorrow night's fixture has not been made known, but the entire squad of ten men will be on hand to give battle.

A billiard match has been arranged, to be played in the Metropolis billiard rooms tomorrow afternoon, between Mr. Chris Owen, of the Foundation Company, and Mr. George Kendrick, a returned soldier of the 138th Battalion, of Edmonton. The match will be a handicap, Mr. Owens playing 600 points to Mr. Kendrick's 500. The game will be played with ivory balls on a Brunswick-Balke table and everyone will be welcome.

Cures Catarrh, Bronchitis Without Any Drugs

If you suffer from a cold, sneezing or catarrh—don't use a snuff—use a sensible treatment like Catarrhozone. It heals and soothes, brings relief at once, cures thoroughly. In bronchitis and throat trouble no doctor can do better than prescribe Catarrhozone. Try it—see what wonders it works—what power it possesses. Different from the old way—you inhale Catarrhozone. Get the dollar outfit which includes the inhaler and is guaranteed. Smaller size 50c, sample size 25c, at all dealers.

CRICKETERS REJECT PRESIDENT'S OFFER

Unwilling to Affiliate With the B. C. A. A. U. — Adjourned Meeting Is a Busy One.

The adjourned annual meeting of the Victoria and District Association was held last night in the Christ Church schoolroom.

Mr. Arthur Manson, president of the B. C. A. A. U., attended the meeting and extended an invitation to the association to join that body, explaining that he was of the opinion that the affiliation of the cricketers would prove a valuable help to the amateur union. Later in the evening the matter was discussed and it was decided unanimously that the association should not become affiliated with the B. C. A. A. U. It was made clear during the discussion of the subject that the cricketers duly appreciated the complimentary manner in which Mr. Manson had made the suggestion and the great work he was doing in the interests of clean amateur sport, but it was felt that it would not be in the interests of cricket to make any change from the prevailing conditions, the governing body of cricket all over the British Empire being the M.C.C.

Mr. Ackroyd tendered his resignation of the position of vice-president of the association in view of his departure from the city, but was asked and consented to retain office.

Mr. E. D. Freeman was elected as second vice-president of the association.

On the motion of Colonel Cunliffe it was resolved that each registered member of the association be asked to subscribe one dollar to go to a fund for the improvement of grounds.

The question of competition for the new trophy offered by Mr. Plumer felt provoked considerable discussion, and it was finally resolved that this cup should be played for this year by the V. D. C. A. and Mainland Association, the winner to hold it for one year.

Several alterations of the by-laws were considered, and it was resolved that the territory limit for registered players in the V. D. C. A. should be extended to include the whole of Vancouver Island, that games which had to be abandoned owing to bad light should be regarded as drawn, that a team short-handed on the field should be allowed to play not more than one substitute from the opposing side, except in cases of injuries received during the game, and that the subscription of each club to the association should in future be $15.

A proposal to limit the registered players on any one club to 20 for each team was negatived, an amendment that they should be unlimited being carried.

Vote by ballot was taken on the motion of Mr. Booth that in future the selection committee for intercity games should be composed of one delegate from each club, the motion being lost by 14 to 4, and an amendment that the selection committee should be composed of three men chosen by the league was carried.

A vote of thanks was passed to the dean and wardens of Christ Church Cathedral for the use of the schoolroom for the association's meetings and another to the committee in charge of last year's Red Cross tournament, with special mention of Mr. Lethaby, who had worked very hard in this connection.

In the course of the evening it was mentioned that statements had got abroad to the effect that the Incogs intended to disband, and it was made clear by different speakers that this is not the case. The Incogs are still in the running.

MACKAY'S INJURIES ARE QUITE SERIOUS

VANCOUVER, March 3.—The injuries sustained by Mickey Mackay, star rover of the Vancouver Millionaires, in last Wednesday's hockey match at Seattle are proving more serious than at first thought, and it is practically certain that he will be unable to play here tonight. The nature of his injuries are such that the two specialists who have attended him are still unable to determine exactly how serious they are. His jaw is fractured as well as five teeth knocked out.

Charley Uksila, who has been playing in a utility role all season for Vancouver and who also played utility for Portland last year, will take Mickey's place at rover. Uksila is a fast skater, having won the six-day skating race in San Francisco two years ago, and it will be interesting to watch him check Morris, the Met sharpshooter.

OTTAWAS TAKE GAME FROM LALONDE'S MEN

OTTAWA, March 3.—The championship play-off series between Canadiens and Ottawa for first honors in the National Hockey League and the right to play off against the Pacific Coast winners for the Stanley Cup and the world's title, now stands three games to one in favor of the Flying Frenchmen. In the fourth match, played on the Laurier Avenue ice tonight in the presence of about 6,000, the Ottawas defeated Canadiens by a score of 6 to 3, and thus got back into the fight.

GIVEN MILITARY MEDAL

Bdr. E. D. Rowland, Whose Family Live at 2120 Clark Street Decorated.

Mrs. E. D. Rowland, 2120 Clark Street, has received the news that Bdr. E. D. Rowland has been awarded the Military Medal for bravery in the field last August. In the action in which he won his decoration Bdr. Rowland was seriously wounded, and has been in Bearwood Hospital, Berkshire, for some time. He is expected to return home soon, however, and the numerous friends whom he made in this city during seven years' residence here will be prepared to give him a hearty welcome back.

FOUNDATION SKATERS WIN FROM THE ELKS

Two to One the Final Score After Some Fast Hockey—Senators Beat Two Jacks by Three to Nil.

Two fast amateur hockey games were staged last evening at the Arena before a fair sized crowd. The Foundations defeated the Elks in a fast and exciting match by 2 goals to 1, while the Senators trimmed the Two Jacks by 3 goals to nil.

The line-up of the Foundation-Elks game was as follows:

Foundation	Position	Elks
Straith	goal	Woods
Tobin	point	Spence
H. Burnett	c. point	Mallett
Laurient	centre	King
C. Burnett	rover	Laurient
Ham	l. wing	Fitzsimmons
Elmer	r. wing	Bellerose

Utility—Foundation: Morgan, Finch and McDonald. Elks: McKerlie.

Penalties — Elks (Bellerose), 3 minutes.

Senators vs Two Jacks

The Senator-Two Jacks Dope game lacked the usual pep. In the first period no goals were scored, though both teams were playing real hockey. In the second period the Two Jacks fell asleep and the Senators netted their first goal. In the third period two goals were scored by the Senators, making the final score 3-nil.

The following was the line-up:

Senators	Position	Two Jacks
Watson	goal	Gravelin
Cook	point	McAllister
Irwin	c. point	Allan
Quinn	centre	Young
Straith	rover	Miller
Newitt	l. wing	Clarkson
Smith	r. wing	Market

Utility—Senators: Glazen. Two Jacks: Shandley and Gandy.

No penalties. Skinner Poulin officiated as referee. Mr. W. H. Wilkerson and Frank Sweeney acted as timekeepers.

"TURN TO THE RIGHT" BRIMFUL OF COMEDY

Delightful Drama of Fun and Mother Love Charms First-Night Audience at Royal Victoria.

AMUSEMENTS TODAY

The Stage

Royal Victoria—Winchell Smith's comedy-drama, "Turn to the right."

Princess—Red Cross Stock Company presents "The Fool of the Family."

Pantages—Vaudeville.

The Screen

Dominion—William Farnum in "The Rainbow Trail."

Variety—Kitty Gordon in "Merely Players" and Laurier funeral pictures.

Columbia—Douglas Fairbanks in "His Picture in the Papers."

Romano—Frank Keenan in "The Bells."

"Turn to Right," the delightful comedy drama presented at the Royal Victoria last evening, proves for the millionth time that the heart of the great republic is in exactly the right place, for, ancient as it is, the device of saving the old homestead wins as much sympathy now as in days gone by. Tears wet many eyes in the scene of the prodigal's return, while a minute later the atmosphere is cleared by a burst of laughter. So it is throughout the play—comedy and pathos cleverly intermingled and presented in an especially attractive manner. Last night's audience was charmed with the production and lovers of the good things in legitimate stage attractions will indeed miss a genuine treat if they do not embrace the opportunity to see this sterling offering and the splendid company who present it for the last time this evening.

Joseph Striker plays the part of Joe Bascom, the highly modernized Robin Hood, while Howard I. Smith and Allen Mathes have the roles of Muggs and Gilly, two of Joe's Sing Sing acquaintances. All three presented a wonderfully fine piece of character acting and furnished the fun with which the entire play is generously spiced. Pacie Ripple plays the part of Deacon Tillinger to perfection, while Mat Thompson as Sam Martin makes a good deal of a very exacting role, that of an ambitious rube who pulls out a bigger plum than he expected.

Ethel Strickland was very lovable in the character role of the dear old "Ma Bascom," just a sweet old mother, who regarded the two former crooks as "those two excellent young men." It is there that the moral comes. Muggsie and Gilly were excellent young men, but they needed the trust of a woman to bring out those good qualities, which even bad men have but which lie dormant for the reason that they rarely come in contact with those whose influence might lead them into better paths.

The three girl characters of Betty Bascom, Elsie Tillinger and Jessie Strong are very successfully portrayed by Thelma White, Rose Wilson and Ida Ellis respectively, while the remainder of the splendid supporting cast includes George Wallace as Lester Morgan, J. Cusack as Callaghan, the detective; Alfred Hatfield as Isadore, and Charles Hicklin as Moses, a tailor in the pawn shop at Sing Sing, and Mary Archer as Katie.

A particularly pleasing feature of the production is the perfectly natural manner in which it is presented, while the scenery effects obtained are very attractive, especially in the final act presenting the Bascom peach orchard in full bloom. If the genuine enjoyment derived by last night's audience be any indication of its popularity, the popular playhouse should be filled to capacity at the final presentation of this quaint mixture of fun and mother love tonight.

VARIETY THEATRE Kitty Gordon, famous as a beauty, and one of the most widely known actresses, is the star in "Merely Players," the new World Picture, which will appear in the Variety screen again today.

Miss Gordon as the star of this production is supported by Irving Cummings, Johnny Hines, George McQuarrie and Muriel Ostriche, all of whom are famous as World players.

Miss Gordon appears as Nadine Trent, a wealthy widow, who is interested in amateur theatricals. She even has a private theatre in her home and presents plays of her own authorship. Muriel Ostriche plays the part of Vera Seynave, a young girl, who is Nadine's protege. Nadine secures a position as understudy in a big production for Vera and Vera finally appears before the public in the leading role. Rodney Gale, a dramatic critic, is most severe in his criticism of her acting and says she was never made for an actress. The girl takes the critic's words to heart and attempts suicide. But everything finally comes out happily for both Vera and Nadine.

COLUMBIA THEATRE In the play, "The Habit of Happiness," Douglas Fairbanks had to handle a flock of gangsters swarming up a stairway in a manner that made the blood tingle, and in "The Good Bad Man," another success, he seemed to have more scraps and action on horseback than he ever had before in all his life.

As the son of Proteus Prindle, he of the twenty-seven varieties, in "His Picture in the Papers," Fairbanks has to go through a really dangerous automobile accident, box with a professional pugilist who had been instructed to put plenty of "pep" into his work, mess up a round dozen husky negro porters at Atlantic City, be thrown twice from a moving train, jump from an ocean liner and swim ashore, and do a variety of other similar stunts.

"His Picture in the Papers," entertained large crowds at the Columbia yesterday and will be shown there again today.

DOMINION THEATRE The headline attraction at the Dominion is William Farnum and "The Rainbow Trail" which opened yesterday. "The Rainbow Trail" is a sequel to "Riders of the Purple Sage," which was shown recently at the same theatre and, if anything, is better than that wonderful drama.

"The Rainbow Trail" is a typical Farnum production with all the thrills and punch that this sterling master of screencraft can inject into it. The fast riding particularly stands out, and we see Mr. Farnum enacting daredevil stunts on the back of some of the world's fastest mounts.

In respect to this riding it is said Farnum for his work in "The Rainbow Trail" obtained three of the fastest horses in the State of California.

ROMANO THEATRE Frank Keenan, the celebrated portrayer, of emotional roles, plays the character of the innkeeper in "The Bells," the stirring photodrama which opened at the Romano yesterday. The owner of the inn realizes that his whole life is a fiasco through debt, when murder points a way out of his difficulties. Thence afterward in the waking silence of his bedchamber, in his troubled sleep—whenever alone with his guilty self—the sound of the bells, as they heralded the coming of his victim on the Winter's night years agone, haunted him. Mr. Keenan's delineation of this part is one of the new, artistic revelations of the screen.

PRINCESS THEATRE A full house last evening waxed enthusiastic over the performance of Mr. R. N. Hincks' brilliant comedy, "The Fool of the Family." Full of novel situations, resplendent with witty and clever repartee and splendidly acted by the members of the talented company, whom Mr. Hincks has gathered together, it will long be remembered as one of the best productions that has ever graced the boards of a local theatre. The much admired scenery and scenic effects have been done by that energetic worker, Mr. S. G. Clark, whilst Mrs. Tilton and Mrs. Genge with the assistance of the stock of the Clarence Cleaners have had charge of the costuming. Too much praise cannot be given the members of the orchestra ably conducted by Mr. F. Sehl, who render such delightful selections, thus adding largely to the enjoyment of a splendid evening's entertainment.

BAND VETERANS WILL BE CITY'S GUESTS

Brought to Victoria on invitation of the Rotary Club, the French Army Band Veterans on Government leave of absence under Captain Fernand Pollain are making an eventful tour of the principal cities of Canada as the guests of each community visited.

Those who have been privileged to hear them say that there is a thrill in the playing of these patriot musicians which one does not get elsewhere. They have been through fire and smoke, grim-faced, hard hitting men, fighting one against ten for their Tri-Color. Where shells burst and vapors choked, these artist souled patriots have struggled. War has left an impression on their music. Every chord an outburst driven into the ears like thunder, every drum beat echoing the roll call of La Belle France.

American soldiers wrote home saying they had never heard anything like the "Sambre et Meuse" march, in which the buglers throw their instruments into the air in perfect time. This march is the Poilu's Battle Song. No band can play the Marseillaise like these heroes who have been wounded, gassed, imprisoned and all but killed for their country. The "Maple Leaf," how it will grip when heard through French horns and trumpets. Those war melodies born of revolt against tyranny and oppression should fire the blood as never before. The French Army Band has won its honors and made its name. It comes here now, the band of the hour.

It is a signal honor to have Victoria included on this memorable trip. Every possessor of a French flag will unfurl it to the breeze and the soldier musicians will receive a fitting welcome. There will not be a vacant seat at the Royal Victoria Theatre when they will appear for one night only, Saturday, March 8th.

STATEMENT OF MINSTREL SHOW

The entertainments of the Red Mark Minstrels at St. John's Hall, on February 19th and 20th netted a sum of $15, which will be used by the Daughters of England. Following is the statement of accounts:

Total receipts—Feb. 19, $26.40; Feb. 20, $63.25. Total, $89.65. Expenditure—Rent of hall, $16; hire of chairs, Weilers, $7.50; hire of chairs, Smith and Champion, $6.75; advertising, Colonist, $12.45; advertising, Times, $2.15; Margison Bros., printing, $12.50; minstrel troupe, towards running expenses, $14.15; Daughters of England, for refreshments served, $3.15; Daughters of England, towards furnishing room, $15. Total, $89.65.

The running expenses of the troupe amounted to over $40 (including chorus orchestrations, vocal copies, properties, etc.), the deficit being borne, as on other occasions, by the troupe, many of whom are members of the Sons of England.

SONG AND DANCE REVUE IS PANTAGES FEATURE

Musical Comedy Tabloid Leads Current Offerings at Vaudeville House—Singing Canary and Acrobats Popular.

Another big musical comedy revue, a rare comedian and a wonderful singing canary are the topline features on the new bill of vaudeville that opened the Pantages yesterday. The other three acts are also brim full of entertainment with a generous measure of really clever comedy presented in unusually novel fashion, while the fourteenth chapter of the thrilling Vitagraph serial, "A Fight for Millions," holds the fascinated interest of the audience through another series of exciting adventures which pave the way for the big climax to be unfolded next week.

A trip around the musical comedy world is "The World-wide Revue," an elaborate production and one of the best musical tabloids touring the Pantages circuit. Many dances, some good songs, a few specialties and some comedy are offered by Ollen Downing, Rnee Rayne, Dorothy Bard and a chorus of pretty girls and the offering holds the audience until the final ensemble, a very attractive tableau. The stage settings are unusually effective and the costumes of the chorus are certainly worth a look or two.

Master Paul, an accomplished violinist, shared popularity with his wonderful partner, a golden canary with a full-throated voice unequalled by any violin. The bird followed the violin in every trill through classic and popular numbers, singing his way into the hearts of the audience. Master Paul has an appealing personality and seems to have developed human intelligence in his little songbird. Their offering transports the audience into ecstatic delight over the sweetest music.

Ned Norworth is the rare comedian with a laugh that tickles everybody. He appears with two partners—a tailored girl and a goggle-eyed man—in a skit entitled "What's the Matter With 'Em?" He keeps the audience laughing uproariously all through his turn. The trio has achieved what apparently seemed impossible. They have taken the material of two different kinds of acts and have moulded it into one routine and presented it successfully.

The wonderful darkie melodies, which for years have brought fame to the South, are sung with true character in the offering of The Dixie Four, colored singing comedians. Their harmony and knowledge of the folk-lore of their race is perfect. Delton, Mareena and Delton are three wholesome, clean-cut athletes, who demonstrate remarkable strength and skill through a series of surprise stunts that delighted yesterday's audience. Marjorie Lake renders several pleasing numbers that show her remarkable baritone voice to good advantage.

CASALS IS MUSICIAN AND ALSO PATRIOT

Great Artist Is to Play at Princess Theatre on Monday, March 17, for Ladies' Musical Club.

Pablo Casals, whose recital here at the Princess Theatre on Monday, March 17, represents one of the musical events of the season, has arrived lately from Spain. In view of that fact it was especially interesting to learn of his point of vied on the war.

The great cellist who comes to Victoria under the auspices of the Ladies' Musical Club, has much the same reputation in Spain as has Paderewski in Poland—that of being its most honored artist and one of its leading patriotic spirits, as well. Because of the quiet manner which marks everything that Casals accomplishes, Canadians have heard very little of his pro-ally activities in Spain, nor have they heard, until recently, that he actually tried to enlist in France last summer, so strongly does he feel about the war. However, he was refused.

It was difficult, says one of his interviewers, to draw from this modest man anything concerning his own activities, but finally when we touched on the topic of the Ferrer execution which plunged Spain into a state of revolution three of four years ago, he told just a little about his part in it. The revolutionists had almost complete control of Barcelona and the government called out troops to advance on the city. Casals lived in Vendrell, a little town near Barcelona, and it was thought there that the railway ran on which the troops were to pass through to Barcelona. The surest way to keep them from entering the city was to do away with a bridge over which ran the tracks, and this Casals proposed to blow up. The whole town was ready to follow him in this hazardous undertaking, which certainly would have resulted in the direct consequences. Casals had aroused the butcher of the place to such a degree that bare-handed he tore up the rails from the ground so that the train should not pass. It finally happened that the train was wrecked by similar proceedings before it reached Vendrell, so that, fortunately for the world, Pablo Casals was not able to carry out his plan, which he would most surely have done in the cause of freedom, cost what it might.

Ever since the beginning of the war Casals has been strongly in favor of the allied cause and had tried to arouse his people to a realization of the fact that they could not honorably keep out of the struggle. He had constantly urged the necessity of crushing out the German propaganda and spy system and in view of recent developments in Spain, his efforts and those of other patriots have not been without results.

It was reported on Casals return from Spain that a serious disagreement had taken place between him and the Royal family on account of his radical point of view, but Mr. Casals refused to say a word on this subject and seemed to be rather astonished that he had already said so much about himself and his opinions.

However, his words are the glorious notes of his 'cello and his actions go hand in hand with these.

Gordon Drysdale
LIMITED
Store Hours: 9 a.m. to 6 p.m.; Wednesday, 9 a.m. to 1 p.m.; Saturdays, 9 a.m. to 9:30 p.m.

Featuring the New Blouses

AN UNUSUALLY large showing of unusually pretty Waists is being featured for those who interest themselves in Fashion's latest trend. Truly it is the finest collection that we have seen for several seasons. Georgette Crepe is pre-eminently the most favored fabric, and is shown in a wide range of colors, while beads, oftentimes in daring colors, various forms of braid, filet laces and hand-embroidery are the most fashionable forms of trimming.

A splendid selection is now available at prices from **$10.00** to **$35.00**.

Spring Millinery

A display that is representative of the modes that will dominate the new season can now be seen at this store. It is extensive, and features models for many occasions from the simple tailored hat to the more elaborately trimmed hats of straw and fabrics. A particularly interesting feature is the very reasonable prices.

ROME, March 3.—An epidemic of aphthous disease is causing great havoc among Italian cattle. The effect of the scourge on the milk and meat supplies has resulted in a further increase in the cost of living.

TEACH THE KIDDIES TO CHEW

Children fed on mushy, denatured foods that require little chewing are apt to have defective teeth and unhealthy gums. You cannot eat

Shredded Wheat

without chewing it. The crispness of the shreds of baked whole wheat induce thorough mastication and that means good digestion. If you serve wheat food be sure it is whole wheat in a crisp digestible form — Shredded Wheat is the whole wheat ready-cooked and ready-to-serve. It requires no sugar – simply milk and a little salt

P. G. E. OPERATING AT CONSIDERABLE LOSS

Since Taken Over Deficit on Operation Has Been $130,817—Civil Servants Must All Pass Examinations.

Since the Province took over the P.G.E. railway and commenced to administer it there has been $375,000 spent by way of construction, $80,000, exclusive of amounts paid for rails, has been spent on purchase of plant and equipment and $373,335 spent on operation. In that period the revenue received on operation was $242,517, the total loss on operation for that time having been $130,817. These figures were supplied by Premier Oliver to questions asked in the House by Mr. Bowser.

The Government has used every effort, Hon. Dr. MacLean, Provincial Secretary, replied to questions by Mr. Manson, member for Omineca, to secure medical practitioners for outlying districts by recommending to the College of Physicians and Surgeons that all unlicensed medical men should be given a permit until the occasion of the next examination, this step being taken to encourage medical men to come to the Province. The Department, the Minister further stated, is ready to pay a subsidy to any medical man who will locate in outlying sections where no medical practitioner is available, and is constantly notifying the secretary of the college of requests from such outlying sections. In addition, information is given by the department to inquiring medical men as to likely locations and amount of Government subsidy.

"No application for this class of work" is the reply which Premier Oliver has made to the question by Mr. Bowser, who asked why a returned soldier had not been appointed to the office of accountant now temporarily filled by E. J. Rossiter, in the office of the P.G.E. railway at $175 a month.

A Farm Loan?

That the Land Settlement Board has authorized a loan of $8,400 at seven and one-half per cent interest for twenty-five years to Mr. W. V. Jackson, of Creston, with which he bought out his partner in business, was the information supplied by Hon. E. D. Barrow, Minister of Agriculture, to questions asked by Mr. Jones, Conservative member for South Okanagan. But, the Minister stated, he had no information to indicate whether Jackson is the president or secretary of the Creston Liberal Association.

Data relative to the operations of the Land Settlement Board for 1918 are also given by Hon. Mr. Barrow to Mr. Jones. The board in that year had $522,780 placed at its disposal for loans to farmers, and 217 loans, aggregating $468,850 had been made at six and one-half per cent on $129,000, and at seven and one-half per cent on $339,850. The money loaned came from the proceeds of the Provincial debentures issued under the Loan Act of 1917 and sold to the Workmen's Compensation Board. The money loaned cost the Province 6.12 per cent. The number of applications received by the board for loans in 1918 was 145, of which fifty-two, representing $121,700, were refused.

Mr. Barrow also informed the South Okanagan member that the Land Settlement Board purchased 482 head of cattle in Alberta at a cost of $23,578 and sold them to twenty-seven farmers at actual cost price on a basis of fifteen per cent cash and the balance in one and two years at seven and one-half per cent.

No exemptions will be permitted under the proposed examination of civil servants, an examination to be held under the authority of section 7 subsection 4, of the Civil Service Act, Hon. Dr. MacLean, Provincial Secretary, has informed Mr. Bowser. The form of examination, the Minister stated, has not yet been fixed. Where there are a substantial number of servants doing work of like character, it will probably be in part in the form of a written examination. Where the number is small it will probably take the form of an investigation of the individual work that has been done by each one. Oral examinations or interviews will be used. To Mr. Bowser's query whether the results of the examinations would in any way affect the present standing of the civil servant who has in the past efficiently performed his duties, the Minister replied that such would be the case where the present standing of the civil servant does not correspond to the character of the duties he is performing.

Premier Oliver, to questions by Mr. Bowser as to whether the Agent-General at London is stopping all Government advertising of British Columbia in the British press, and, if so, was it under Government instructions, and the reasons therefor, replied that the Government has no information touching the matter.

To Mr. Jones, the Minister of Lands, Hon. T. D. Pattullo, supplied information that the Minister, under authority of the Irrigation Conservation Fund of $500,000 authorized last year, has advanced the following amounts to irrigation companies in the dry belt, to be registered as a first charge against the lands, assets and revenues of the companies and against the lands benefited: $10,000 for the improvement of the system of the Okanagan Securities Company at Naramatta; $30,000 to the Kelowna Irrigation Company; $5,000 to the Peachland Townsite Company; $12,000 for the construction of a system to replace the present insufficient works at Scotty Creek, near Kelowna; $3,000 for a main ditch under the Rutland Drainage District; and $14,000 will be advanced to White Valley Irrigation & Power Company.

Instructions have been issued, Hon. Mr. Pattullo informed Mr. Manson, Omineca, to all Government agents that no pre-emption record shall issue to any applicant not a citizen unless he has first stated in writing that he is prepared to accept the full responsibilities of citizenship.

MISSION WILL STAY HERE ANOTHER WEEK

Owing to Success of Evangelist Services at First Presbyterian Church Series Will Be Prolonged.

Steadily increasing in size from the time the mission started, the congregations that have heard Mr. John Elward Brown and Mr. C. Norman Guice, Dixiland Evangelists, at the First Presbyterian Church during the past two weeks reached their climax on Sunday when, at the evening service, the big edifice was filled to overflowing. So successful has the mission been here that Evangelist Brown announced on Sunday evening he would continue his work for another week, holding his last meeting positively next Sunday night.

Mr. Norman Guice, known as "The Sweet Singer," has gone to Arkansas to conduct a mission there, so that he will not be heard here during this week. He leaves behind him, however, memories of songs in every one of which there lay a message. His work among the young people has been another feature of his visit here. Five meetings were devoted to the addressing of the Sunday School classes and other young folks of the city. From these gatherings about 80 converts came forward. As a result of the messages of Evangelist Brown nearly 350 people came forward at his call during the two weeks and confessed to backsliding, gave profession of faith or underwent reconsecration. The evangelist does not always call and on no occasion does he employ personal solicitation.

Those who have followed the work of the mission for the past two weeks say that Sunday's services were the best. In the morning the evangelist spoke on "Stewardship," making a strong plea for tithing. He claimed that any man or woman who didn't give one-tenth of the fruit of their hands and their lands deliberately robbed God.

A special service for women was held on Sunday afternoon, the subject being "The Ideal Woman." Over 100 women came forward at the end of the servic in answer to three questions asked by the speaker.

The subject of the evening service was "Weighing the City," the text being "Thou art weighed in the balances and thou art found wanting." The evangelist placed the congregation in one side of the scales, and one by one arrayed the sins of the times in the other side. Then he came to the bar of the consciences of each of those present and asked, "Guilty or not guilty?" And for some, he said, he would have to write upon the wall, "Thou art weighed in the balances and thou are found wanting." The desecration of the Sabbath, profanity, murder, the childless home, and other sins, all were denounced by the speaker in vivid terms.

Evangelist Brown is from Dixi, and he has the drawl and the quaint expressions of those parts. But often his deliberate speech quickens to a fiery passion in the earnestness of his appeal.

During this week addresses will be given each afternoon and evening, and the various cults of today, Mormonism, Russellism, Eddyism and "other isms," will be discussed.

The First Presbyterian Church has conducted three of these evangelistic campaigns, and each has paid for itself by voluntary subscription, the church never having had to assume a liability yet. Rev. J. G. Inkster, pastor of the church, puts it this way, "God sees that his own accounts are square."

FAMOUS SWIMMER IS VISITOR IN CITY

Among the visitors at present in the city is one of the world's most famous swimmers, H. Cavill, present holder of the Australian professional championships from 100 to 500 yards, who competed in the last Olympic games held in the Old Country in 1908.

At the outbreak of war, Cavill enlisted and was for thirteen months at the Dardanelles, afterwards going to the French front, where he was wounded in the side and also gassed. The Cavill brothers were the originators of the famous Australian crawl stroke, afterwards adopted in America. Caville appeared with Annette Kellerman in the caste of the famous picture "Neptune's Daughter." He is making only a short stay here, and will proceed to Los Angeles, and expects to undertake more moving picture work in the near future.

WORKING OF FUND SUBJECT OF DEBATE

Army and Navy Veterans' Executive Met Yesterday Afternoon to Discuss Further Matter of Memorial.

A special executive meeting of the Army and Navy Veterans was held yesterday afternoon, the purpose of the conference being to formulate a tentative scheme with regard to the administration of the proposed memorial fund, which came under discussion for the first time recently following the visit here of Canon Hinchcliffe.

A few days ago, as the result of deliberations subsequent to the promises made to the Canon, a great number of organizations throughout Victoria, British Columbia and Canada were circularized with a view to enlisting their sympathy and co-operation in some form of national memorial which would be of practical and material value to the dependents of soldiers and sailors who had given their lives in action or suffered loss of limb or sight. Numerous cases of distress amongst the dependents of such have come to light through the press and other sources. Government pensions are not always available or sufficient, and the methods of relieving need are ofttimes humiliating to people who should be regarded as the sacred trust of a grateful nation. In this circular it was set out by the Victoria branch of the Army and Navy Veterans that in connection with the thanksgiving service when peace is finally declared, the Government should invite the people of Canada to present a thank offering as a tangible token of their gratitude, the money thus given to be used to relieve needy sailors and soldiers who had served in the Great War and dependents of those who had given up their lives in the Empire's service in cases where pensions were unobtainable or insufficient.

Endorse Recommendations

At the meeting of the Army and Navy Veterans' executive yesterday the following recommendations were endorsed for publication with a view of bringing before the public an idea of the working of the fund:

"Moneys collected shall be placed in one common fund for the Dominion.

"This common fund shall be vested in a representative body consisting of the presidents and first vice-presidents of the Dominion bodies of the Army and Navy Veterans in Canada and the Great War Veterans, together with a representative of the Dominion Government and a treasurer appointed by the aforementioned members, whose duties will be to allocate the moneys to the various Provinces.

"The representative body shall appoint a treasurer in each Province, whose duties shall be to pay out the moneys on warrants issued from local committees.

"Local committees shall consist of: (a) In cities and municipalities where Ex-Service organizations exist, the president of each organization, together with a representative appointed by the city or municipal council from that body; (b) in cities or municipalities where no such organizations exist, the local committee shall consist of two ex-service men resident in the city or municipality appointed by the Provincial treasurer, and one member of the municipal council nominated by that body."

Local Committees

The meeting yesterday also tentatively outlined the duties of local committees:

"(1) To enquire into all cases of distress which come to their notice amongst persons for whom this fund is designated.

"(2) To determine in each case what amount of relief is necessary, if any.

"(3) To issue warrants upon the Provincial treasurer in favor of beneficiaries for the amounts decided upon."

Purely Tentative

In connection with the foregoing it was emphasized that any scheme advanced by the Army and Navy Veterans (Victoria Unit) would be purely tentative and that such would be subject to amendment at future date. Incidentally, it was noted, suggestions of amendment would be cordially invited from within or without the A. and N.V. A special appeal is made to those bodies which have been circularized to let the Army and Navy Veterans have an endorsement of the resolutions sent out, or, if unable to endorse, the reasons. This will give the Army and Navy Veterans some idea of how to aproach the Dominion Government.

Alter Section Five

After the executive had discussed the question thoroughly yesterday they decided to amend resolution five in the circular in question:

"That this unit places on record its disapproval of the erection of any kind of public memorial to our dead sailors and soldiers until adequate provision has been made for the dependent of such," etc., to read as follows:

"That this Unit of the Association places on record that before the erection of any kind of public memorial to our dead soldiers adequate provision should be made for the dependents of such sailors and soldiers, as in the opinion of this unit of the Association such provision forms the very first charge against the resources of the people of Canada."

Fry's Pure Cocoa

THIS "bonnie wee thing" is a FRY'S Cocoa Girlie. Her cheeks are rosy—she's plump and strong—she's a sunny, healthy, romping little Jenny Canuck because she gets FRY'S regularly. She plays harder than most people work—but FRY'S gives her richly back all the spent energy—and more to grow on!

Have you any little "pale faces" at home? Liven them up, build them up now with FRY'S.

PEOPLE OF ANYOX DENY STATEMENTS

ANYOX, B. C., March 3.—Strong exception is being taken here not only by Granby Consolidated mining officials but also by the population generally to the assertion that they are living in "slave pens," as described by Mr. Hawathornthwaite, member for Newcastle, in the Legislature last week. Anyox is one of the few "closed towns" in British Columbia, and its residents take a pride in civic affairs that would do credit to much larger and more pretentious municipalities.

It is pointed out that during the war Anyox sent nearly 300 men to the war and that at the last Victory Loan Drive Anyox subscribed more than a half million dollars, having a greater per capita of subscriptions than any other point in the Dominion of Canada. The Patriotic and tobacco funds, Red Cross and every other fund which contributed to the winning of the war found loyal supporters in Anyox. Not content with its pre-war record, Anyox is taking back every returned soldier who had a position with the company at the time of his enlistment. The general order is that "a place must be found for every returned man."

The cost of living at Anyox during the past four years has been cheaper than any other place similarly or more favorably situated, either in the United States or Canada, owing to the fact that huge supplies are purchased and resold to the employees to the extent that every year shows a deficit in the storekeeper's accounts, which loss is absorbed by the Granby Consolidated.

Referring to the statement of Major McIntosh in the Legislature that as American capital is invested largely it followed that American supplies would be bought, it is pointed out that with a differential of 35 to 40 per cent. on duty of such supplies, the argument used does not bear conviction, it is said.

"There is not an item of purchases made by this company outside of Canada that can be filled within the confines of this Dominion," declared a prominent official of the company. "Aside from certain machinery which is not manufactured in Canada, not a penny is spent for supplies in the United States which can be purchased here."

FAMINE CONDITIONS IN CZECHO-SLOVAKIA

LONDON, March 3.—(Canadian Press dispatch from Reuter5s)—Reuter's is informed by the Czecho-Slovak delegation here that, according to the Journal Caske-Slovo, Prague and the entire Czecho-Slovak republic is on the verge of famine.

In one hospital in Prague sixteen patients out of 300 died of inanition, only 15 pints of milk being available for the patients. In the maternity institute only three pints were available for infants.

CASTORIA For Infants and Children. In Use For Over 30 Years Bears the Signature of Chas. H. Fletcher

GOOD PRICE FOR PROVINCIAL ISSUE

Three Million Five and One-Half Per Cents Bring Offer of Slightly Under Par From Eastern Concerns.

The successful bidders for the $3,000,000 five and one-half per cent. twenty-year bonds which the Government is floating are the Dominion Securities Company and Messrs. Wood, Grundy & Co., both of Toronto. Their joint offer of 99.32 has been accepted by the Government upon recommendation of Hon. John Hart, Minister of Finance.

Tenders for the issue closed here at noon yesterday, when there were seven bidders, the highest being the above and the lowest one at 97. All the bids came from Eastern individuals and concerns. None of them represented local British Columbia capital.

The loan is being raised to repay that for a like amount borrowed last year from the Dominion. Then it was stipulated that so soon as the province could secure terms more favorable than that secured under the loan the province would make an issue of bonds to repay the Dominion.

Hon. John Hart yesterday expressed his pleasure at the excellent offers made for the province's bonds. The figure secured compared very favorably with that secured by Eastern provinces and cities within the past few weeks. Alberta has just floated a loan at 99.14. The City of Winnipeg sold $1,000,000 at par.

Acting for the successful tenderers were Messrs. Pemberton & Sons, of Vancouver, representatives for Messrs. Wood, Grundy & Company, and Mr. Steele, a member of the Dominion Securities Company.

SALT SPRING ISLAND NOTES

Lieut. Geo. Blizzard, accompanied by his wife, arrived at Ganges on Saturday and is visiting his parents, Mr. and Mrs. Blizzard, of North Salt Spring. Lieut. Blizzard left as a gunner in December 1915, with a draft of the Field Artillery, has seen a great deal of service in France and was wounded in the latter part of the war.

Pte. Wentworth, who has been serving in France with the engineers, has returned to his home on Salt Spring.

Pte. L. Bewden, who has been serving in France with the Field Artillery 4.3 Battery, arrived at Ganges on Saturday and is the guest of Mrs. Harvey.

Pte. Harry Woods, who has been sometime with the Forestry Battalion, returned to his home on Salt Spring last week.

Mrs. Percy Beech, of Ganges, left for Vancouver on Saturday to visit her husband, who is holding a military post there.

Mrs. Walcot and her sons left on Monday for Victoria, where she will spend a few days, the guest of Mrs. Roberts, before going to her home at Cowichan.

Mr. J. C. Scovell, of Ganges, left on Monday for a few days' visit to Victoria.

GERMANS IN HOLLAND CHAMPION EX-KAISER

THE HAGUE, March 3.—The reception given by the German legation here in honor of General von Lettow-Vorbeck, former German commander in German East Africa, before his departure for Berlin, resolved itself into a manifestation of sympathy for the former German Emperor. The chairman of the meeting, a German business man of Rotterdam, paid tribute to "the noble and unfortunate Kaiser, whose reign was the period in which Germany became one of the first nations in the world and won a leading position in the domains of science and art."

General von Lettow-Vorbeck in reply said that he deeply resented the treatment of the former Emperor, and added:

"Is that all the thanks the German motherland has for all that the Hohenzollern dynasty has done for Germany? We must firmly keep the principles of the former German army if we wish the German motherland to recover its ancient power. Men, not fate, make history."

FIRE DOES DAMAGE AT ANYOX SMELTER

ANYOX, B. C., March 3.—Fire at the Granby Consolidated on Sunday caused a loss to ore bins, tracks and smelter of $50,000. The flames gained great headway in a stiff northeast gale, and the smelter plant itself was saved with great difficulty.

Operations will necessarily be suspended for several days until the damaged material can be replaced.

The fire started from one of the converters and spread rapidly.

M. Clemenceau's Assailant

PARIS, March 3.—Emile Cottin, who recently shot and wounded Premier Clemenceau, will be tried by court-martial March 14. Captain Bouchardon, head of the Parisian Military Court, continued his interrogation of the Premier's assailant this afternoon. Cottin admitted that the attack had been premeditated for several months and declared that if he had not been stopped he would have reloaded his revolver and fired again.

Military at Winnipeg

WINNIPEG, March 3.—It is reported unofficially that the Princess Patricias' headquarters, in addition to a company of 250 officers and men, is to be located in Winnipeg. It is reported also that the Fort Garry Horse will not be the cavalry squadron here, as previously announced, but a cavalry squadron of the permanent force is now being organized for Winnipeg.

Paris Paper Suspended

PARIS, March 3.—The newspaper L'Information has been suspended for a week. The Temps says no reason for the suspension was given. Another evening newspaper, however, asserts that the proscription was due to L'Information publishing a too detailed forecast of the new military armistice conditions.

MRS. MARY DECKER GAINS 18 POUNDS

"I Feel That I Ought to Tell Others About Tanlac," She Says—Overcame Her Troubles.

Here in another instance of the wonderful reconstructive powers of Tanlac. Mrs. Mary Decker, who resides at 515 Eighth Street, Northeast, Calgary, in relating her experience with the medicine, recently, said:

"I have not only gotten rid of a severe case of stomach trouble of three years standing by taking Tanlac, but I have gained eighteen pounds in weight and am still gaining. Before I began taking Tanlac I could neither eat nor sleep with any satisfaction. I had fallen off from one hundred and eighty pounds to only one hundred and two, had lost seventy-eight pounds, and this will give some idea of the dreadful condition I was in. I suffered from gas on my stomach all the time, my head ached constantly, and I was so weak and dizzy at times that I could hardly walk, and would have to brace myself against something to keep from falling. Nothing helped me and I kept getting worse and more discouraged all the time.

"Not long ago, while on a trip to Colorado, U.S.A., I heard of Tanlac and began taking it. My appetite improved before my first bottle was gone and I was soon eating anything I wanted and regaining my lost weight and strength. I have taken four bottles now and all my troubles have disappeared. My stomach never bothers me any more, I sleep like a child at night and get up in the mornings feeling thoroughly rested. In fact, I am feeling fine all the time and am able to work as well as I ever could. I am more grateful than I can express for what Tanlac has done for me. I can't help but think of others who need it like I did and I feel that I ought to tell them about it."

There is not a single portion of the body that is not benefited by the helpful action of Tanlac, which begins its work by stimulating the digestive and assimilative organs, thereby enriching the blood and invigorating the whole system. Next, it enables the weak, worn-out stomach to thoroughly digest its food, permitting the nourishing elements to be converted into blood, bone and muscle.

It overcomes, it is said, that great exciting cause of disease—weakness. It renders the body vigorous and elastic, keeps the mind clear and energetic and throws the symptons of nervousness and indigestion. It builds up the constitution weakened by disease and mental and physical overwork, quickens convalescence and is an unfailing source of comfort to all suffering from such troubles.

Tanlac is sold in Victoria by D. E. Campbell. (Advt.)

International Boxing

LONDON, March 3.—Eddie McGoorty, the American heavyweight, now in the United States army, was matched today to box Seaman Arthur Townley on March 13. At the same time a bout was arranged between Augie Ratner, of the United States army and winner, in the middleweight division in the recent inter-Allied army and navy boxing tournament, and "Boy" MacCormick, for March 27.

Sale No. 1476.

MESSRS.
STEWART WILLIAMS & CO.
duly instructed by Mrs. Greenshaw,
will sell by Public Auction

Tomorrow, March 5th

at 2 o'Clock, at North Quadra Street, just beyond Blenkinsop Road, the whole of her

Your Home is what you make it.

BE it "ever so humble," or an expensive mansion, good lighting makes all the difference in the world. Good light in your home spells comfort to yourselves, hospitality to your guests, and good sense all round.

There are two ways to ensure proper lighting in your home. The first is to have the lights well arranged and the second is to select only the best lamps.

Don't buy poor lamps. Cheap lamps mean poor lamps—they cost less to buy, but they give inferior light—the bulbs soon begin to blacken and the lamps burn out quickly.

Discriminating people buy Laco Quality Lamps, for Laco Lamps not only give better, brighter light, but they last 50% longer—they are more comfortable to read by—they impart an air of cheer and thorough enjoyment to your guests.

EQUIP EVERY SOCKET IN YOUR HOME WITH A LACO.
IT WILL BE BETTER ECONOMY IN THE LONG RUN.

Popular in Canada Since 1909

LACO LAMPS

For Quality and Quantity of light, freedom from breakage, length of life, and economy of current, Laco Lamps are easily best.

We are supplying Hydro Lamps to the Toronto Hydro Electric System—made under Hydro Specifications—the best in the World.

Special Opening Attraction

Several Victoria tailoring experts have lately organized a company for rendering suit service, which is expressed in the words—

GOOD FIT

To begin right, we offer a great variety of fine English Woolens to be made up at cost for ladies, gentlemen, returned soldiers, and everybody.

See Our Window *1514 Government Street* Westholme Building

Opening This Morning at 9 o'Clock.

RESTRICTIONS FOR LENTEN SEASON

Owing to Unusual Conditions Catholics Will be Relieved of Some Church Observances

His Grace the Archbishop of Vancouver has issued a Lenten Pastoral which affects all Catholics within the Archdiocese. It was read in the churches yesterday and prescribes neither abstinence nor fasting during the most of the pending religious season, something that is believed to be unprecedented in British Columbia. The pastoral reads:

"The influenza, in the matter of loss of life, has proved a much greater evil than the war itself, and we have no assurance that its ravaging power is yet all spent. Indee, eminent physicians are discussing the assemblage of the world's greatest doctors to devise the best means of coping with the dread epidemic already unhappily pandemic.

"Those who have escaped the disease thus far are in many cases much reduced in vitality by the extra labor of caring for the afflicted, and require good nourishment to protect themselves against its attack. Plenty of wholesome food is also necessary for those who have suffered it in order to recover lost strength.

"The Church, loving Mother, has not the intention of injuring the health of her children by her laws of penance. We, therefore, dispense the people of the Archdiocese from fast and abstinence during the coming hold season of Lent, except Ash Wednesday and Good Friday, which are to be observed as days of fast and abstinence. Fridays, of course, remain days of abstinence.

"The faithful are earnestly exhorted to supplement for this indulgence by more assiduous attention to other exercises of piety in a spirit of penance during Lent—assisting at daily mass, the reception of the sacraments, the rosary and the stations of the cross; for we cannot get away from our Lord's declaration: 'Unless you do penance, you shall all likewise perish.'—Luke xiii. 5.

"Begging God to bless you and the people of your care."

To Abolish Opium Monopoly

TOKIO, March 3.—Premier Hara today announced that the government had decided at the earliest possible moment to abolish the opium monopoly in the provinces of Kwang-Tung and Tsingtao, China, and on the Island of Formosa. The newspapers commend this action as the removal of another source of friction between natives and foreigners in China.

$2,750.00?

This is NOT an OLD HOUSE, and it stands on a piece of land 60 ft. x 77 ft. There is a brick foundation and basement. On the first floor are Dining, Breakfast and Living Rooms, Kitchen and fitted Pantry, Scullery. Upstairs there are three good Bedrooms with cupboards, Bath and Toilet. Nice garden, with trees and shrubs.

A real bargain at the above price, on terms.

HERE'S A FULLY MODERN BUNGALOW, just outside the City limits, handy for the Shipyards, and only one block from the car. The accommodation comprises Living Room, with fireplace of pleasing design, large Dining Room and Kitchen, splendid Pantry, with fitted sink, flour bins, cupboards, drawers, etc. There are two good Bedrooms opening on to the Bathroom and Toilet. The Bungalow is built on a heavy concrete foundation, and there is a full cement Basement with fitted Laundry Tubs. The front part of the lot is nicely laid out as lawn, and there is a splendid garden at the rear.

This was built by the ownres and is a real home.

Price for immediate sale, on terms,
$2,500.00

NEARLY HALF AN ACRE of good garden soil on the mile and a half circle, all fenced and ready for cultivation, together with a good House of five rooms, and Pantry, finished in plaster, and connected with the sewer. Street car two blocks; good road passes the property. A gift at
$1,750.00

If you want to go in for gardening and still be handy to the centre of the City, you should see this.

TO, THE BUSINESS MAN who wants to live close to his work, this should appeal. Situated in a high-class block close to Fort Street, and a few doors from Cook Street, a fully modern two-story House built in 1912. The Living and Dining Rooms are large and bright, and there is a fine fireplace with heavy oak overmantel and mirror in the Living Room. Opening off the Dining Room is the Kitchen, which is piped for gas stove, and this leads to the completely fitted Pantry and Conservatory. The three Bedrooms upstairs are all fitted with good cupboards, and there is a good Toilet and Bathroom. The house is built on a solid concrete foundation, and the Basement has full cement floor. There are concrete walks around the house, nice lawn and garden.

A really first-class House, in splendid condition, goes to the lucky purchaser at
$3,500.00

Good terms can be arranged.

ANDREWS' BARGAINS

HERE'S an attractive 5-roomed modern bungalow on the mile circle, off Fernwood, very conveniently designed, combining the usual built-in features; also full cement basement, furnace, etc. You had better look it over if you're in the market. The owner says sell for $2,750; terms arranged. It's hard to beat.

BELMONT AVE.—A fine 6-roomed house, absolutely modern, with furnace, gas, built-in features, etc. A fine lot, garage and some fruit trees. The owner is sacrificing for $2,900; terms. Now is your chance.

McNAIR ST.—A nifty 4-roomed bungalow, with built-in features. A large lot nicely fenced; good garden soil; low taxes. Am instructed to sell for $1,500; easy terms. This is mighty good value.

BURDICK BROS. & BRETT, LTD.
Real Estate, Insurance and Stock Brokers.
623 Fort Street. Phones 132-133

McCLURE STREET

$5,300—We have been authorised to offer for immediate sale a seven-roomed two story modern home. This property is very centrally situated, being inside the mile circle and is exceptional value. The lot is 56x120, with a good garden and several nice fruit trees. There is also a good garage. The house was built by the owner by day labor, and the construction will bear a rigid inspection. The rooms are large and bright and so planned as to eliminate waste space. Another feature is the low taxes, all local improvements having been paid.

WILMER STREET

$3,300—A six-roomed two-story house, hardwood floors, plate glass windows and exceptionally well built throughout. Good terms.

FAIRFIELD

$3,400—We do not believe it possible to find a six-roomed story and a half house in the Fairfield district comparing with this for value. The house is well planned and fully modern and situated on a splendid lot, close to the Dallas Road.

FAIRFIELD

$4,300—This is a very pretty and substantial home with six good rooms. There is a large entrance hall with panelled walls and beam ceilings, and opening into the living room on one side and the dining room on the other, both rooms being in the front of the house. The roomy pass pantry has china cupboard with glass doors, bins, etc., and the kitchen is medium size, bright and cheerful. On the same floor there is a well appointed bathroom, and a large bedroom. Upstairs there are two good bedrooms, all with extra large clothes cupboards. The basement has a cement floor, with furnace, Chinaman's room and fruit room. The lot is 60 x 140, and is carefully laid out in lawn, with good fence and big poultry house.

BURDICK BROS & BRETT, LTD.
Real Estate, Insurance and Stock Brokers,
623 Fort Street. Phones 132-133

HOUSES FOR SALE

Some pick-ups from T. P. McCONNELL'S BARGAIN COUNTER. All low priced for quick sale.

1515 Bay Street—A real bargain in a comfortable home. Living room, dining room, kitchen, bedroom, pantry, toilet downstairs. Upstairs, 3 bedrooms. Nice large lot, all in garden, well kept and well fenced, fruit trees and small fruits. This is not a new house, but it's attractive and a great bargain at the price of $1,300 cash.

633 Cornwall Street—Here's a new home of 6 large rooms and den, on good paved street in Fairfield for only $3,100, on terms. Has paved basement, wood lift, good plumbing, electric fixtures, open fireplace, etc. You'll certainly never get anything so cheap in Fairfield again.

320 Irving Road—Here's a choice little bungalow of 6 rooms, with basement and modern plumbing, cost owner $3,800 in 1913; through sickness now forced to sell, but must have cash. It's yours for only $2,275, which is about $700 less than the bungalow can be built for today.

1330 Lillian Road—Extra choice bungalow, built by day labor; side entrance, all modern and all rooms open off hall; living room and dining room connected with sliding doors, open fireplace, beamed ceilings, built-in seats and extra choice built-in buffet, pass pantry, kitchen, 2 bedrooms, fine bathroom and linen closet with individual doors; cement basement and furnace. A very choice bungalow, well arranged and attractive. Yours for $3,150; terms.

Here's a bargain in a close-in central home, built of solid brick, containing 7 rooms, fully furnished, close to carline, good location, low taxes and an extreme snap at only $4,000, which includes all furniture. House alone would cost double this.

James Bay—One block from Parliament Buildings, well built comfortable 7-room house, modern, good bathroom, etc.; taxes $15 a year. This is a well kept home, in fine repair and a real bargain for the man that wants to be close to business. Snap price, only $2,300; terms, $900 cash.

WANT A LARGE HOME?

Here's the best offered. Location and all particulars at office. No phone information.

Location in Fairfield. Choice high ground, about ½ acre, 8 rooms with large attic, extra modern conveniences; vacuum cleaning system with own motor, 2 toilets, modern garage, over $3,000 worth of stonework alone on this house. Everything finished, even to the flowers, garden and fruit trees. The whole property cost over $15,000. Price $8,500, on terms. We cannot give you particulars in an ad, but will be pleased to go into details with bona fide purchaser, and can show receipts for the above expenditure on the property.

Exclusively for sale by T. P. McConnell, 220 Pemberton Bldg.

P. S.—To Owners of Homes—If your agent hasn't sold your property, try us. We have buyers for bargains and can sell yours if the price is right. Listings wanted at once.

5-ROOMED modern house, on large lot, north end of city. Price, on easy terms, $1,750. Five-roomed modern house, James Bay. Price, on easy terms, $2,150. The Griffith Co., Hibben-Bone Bldg.

ANOTHER FURNISHED HOUSE SNAP

5-ROOMED furnished bungalow, nicely situated, fully modern in every respect; furniture cannot be replaced for less than $1,200; $500 piano and all other furniture to match. A complete home; just walk in, hang up your hat, gather your wife and kiddies around you and sing "Home, Sweet Home" and be happy ever after. Price $3,800; cash $1,800.

A GREAT HOUSE BARGAIN — Six rooms, fully modern in every respect, garage, chicken house, bath and toilet separate, furnace; in fact, everything anyone could desire to make them happy. The only thing that stands between them and the latter is $2,500; $500 cash, balance on exceedingly easy terms. See

SYNOPSIS OF COAL MINING REGULATIONS

COAL mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and in a portion of the Province of British Columbia, may be leased for a term of 21 years, renewals for a further term of 21 years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, rescinded by Chap. 27 of 4-5 George V., assented to 12th June, 1914.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of Interior.

(N.B.—Unauthorised publication of this advertisment will not be paid for.—88575).

Pacific Great Eastern Railway

Sealed Tenders, addressed to the undersigned and endorsed "Tender for Squamish Hydro-Electric," will be received at this office until 1 p.m. on Saturday, March 8, 1919. Tenders to be on the unit price basis, except as otherwise mentioned in the form of proposal.

Alternative bids will be received on Cost Plus basis. Plans, Specifications and Forms of Tender can be seen at the Department of Railways, Victoria, B.C., and at the office of the Pacific Great Eastern Railway, Welton Block, Vancouver, B.C. Bids to be accompanied by a certified bank cheque for 5 per cent of the amount of the tender, payable to the Hon. Minister of Railways.

The Department does not bind itself to accept the lowest or any tender.

A. F. PROCTOR,
Chief Engineer.

Department of Railways, B.C.
Office of Chief Engineer,
Victoria, B.C., February 25, 1919.

CORPORATION OF THE TOWNSHIP OF ESQUIMALT.

NOTICE is hereby given that a Court of Revision for the purpose of hearing complaints against the assessment for the year 1919 as made by the Assessor, and for revising, equalizing and correcting the Assessment Roll, will be held in the Municipal Hall on Thursday, March 13th, 1919, at 10 a.m.

All complaints must be made in writing and delivered to the Assessor at least ten days before the above date.

Dated at the Township of Esquimalt this 6th day of February, 1919.

G. H. PULLEN,
C. M. C.

Corporation of the Township of Esquimalt

Notice is given that the Sewer Assessment Roll for the year 1919 has been filed in the Treasurer's Office, Esquimalt, and may there be inspected. Any person dissatisfied with his Assessment as shown on the Roll may file a petition against such Assessment with the Council not later than April 1st, 1919.

G. H. PULLEN, C.M.C.

Dated at Esquimalt this 1st day of March, 1919.

NOTICE TO CREDITORS

ALEXANDER WILSON, DECEASED

NOTICE is hereby given that all persons having any claims or demands against the late Alexander Wilson, who died on or about the 28th day of March, 1918, at Victoria, in the Province of British Columbia, are required to send by post, prepaid, or to deliver to the undersigned solicitors herein for Ruther Wilson, executor and trustee under the will of the said Alexander Wilson, their names and addresses and full particulars in writing of their claims and statements of their accounts and the nature of the securities, if any, held by them.

AND TAKKE NOTICE that after the 31st day of March, 1919, the said Ruther Wilson will proceed to distribute the assets of the said deceased among the persons entitled thereto, having regard only to the claims he shall then have had notice, and that the said Ruther Wilson will not be liable for the said assets, or any part thereof, to any person of whose claim he shall not then have received notice.

Dated at Victoria this 15th day of February, 1919.

WOOTTON & HANKEY,
Solicitors for the Executor, 548 Bastion Street, Victoria, B.C.

To Returned Soldiers and Others

TENDERS WANTED

Tenders are herewith invited for the combined position of City Clerk and Electric Lineman. The duties of the applicant shall be from 9 a.m. to 12 noon he shall be in the City Hall attending to the books and general duties of a City Clerk, and from 1 p.m. to 5 p.m. he shall, in weather permitting, be attending to Electrical Work, such as keeping the Electrical Lines in good repair, sometimes making extensions to lines or wiring houses, reading meters and collecting accounts from consumers, etc., with a ground man to assist him when required. He may be required as Assessor and Collector of Taxes.

The applicant must state his qualifications and the monthly wages he will expect.

All tenders to be sealed and addressed to Mayor Duncan, of Courtenay, B.C., not later than March 1 next.

The lowest or any tender not necessarily accepted.

(Signed) CHARLES SIMMS,
Chairman Electric Light Committee.
Courtenay, B.C.

IMPERIAL MUNITIONS BOARD. WOODEN STEAMERS.

The undersigned, representative of the Managing Owners of the above vessels, hereby gives notice that all accounts for stores and crews' expenses, with necessary receipts, must be rendered to him on or before 7th March. After that date no accounts can be recognized.

J. SNODDON,
Room 805, Belmont House, City.

NOTICE

No bills contracted in the name of the Comrades of the Great War Association will be recognized by the association unless accompanied by an order signed by the secretary-treasurer.—C. G. S. Duncan.

No. 455. No. of application 21534-F.

LAND REGISTRY ACT.

Notice Under Section 36.

TAKE NOTICE that an application has been made to register The Corporation of the District of Saanich as the owner in Fee-simple, under a Tax Sale Deed, from the Collector of the said Corporation to the said Corporation, bearing date the 30th day of January, 1918, in pursuance of a Tax Sale held by said Collector on or about the 17th day of August, 1915, of all and singular that certain parcel or tract of land and premises situate, lying and being in the District of Victoria, in the Province of British Columbia, more particularly known and described as Lot 17, of Section 27, Map 1294.

You and those claiming through or under you, and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent whose title is not registered under the provisions of the "Land Registry Act" (R.S.B.C., 1911), are required to contest the claim of the tax purchaser within thirty days of the service of this notice upon you, and in default of a caveat or certificate of lis pendens being filed before the registration, as owner, of the person entitled under such tax sale, you and each of you will be for ever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register the said Corporation as owners of the said land so sold for taxes.

Dated at the Land Registry Office, at the City of Victoria, Province of British Columbia, this 4th day of February, A.D. 1919.

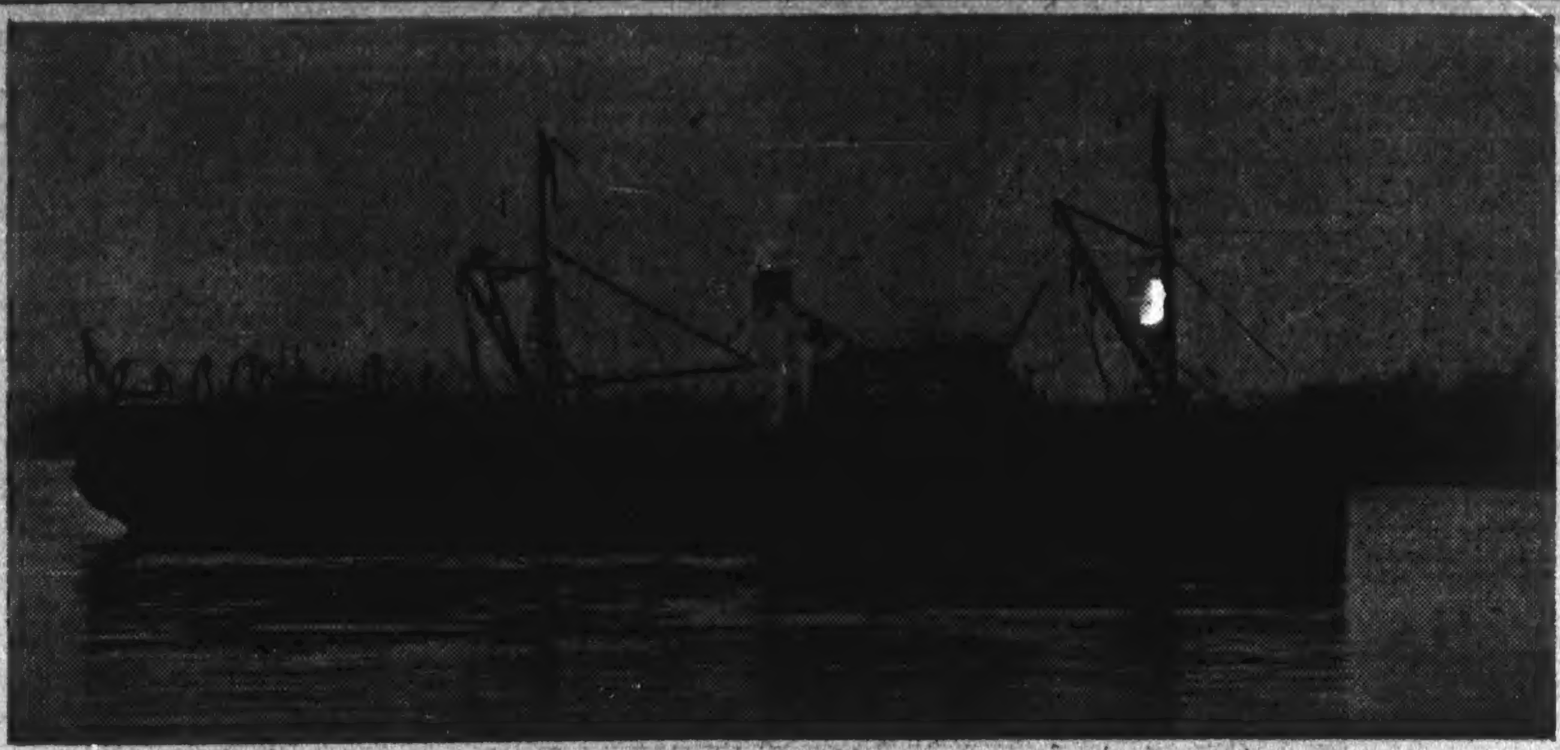
F. J. STACPOOLE,
Registrar-General of Titles.

I direct service of this notice to be made by publication of the same in four issues, one in each consecutive week, in a daily paper circulating in Victoria.

F. J. STACPOOLE,
Registrar-General of Titles.

To E. H. Pangborn, Registered and Assessed Owner.

WILL LOOK FOR LOST PROPELLER



SALVAGE STEAMER TEES

This boat was dispatched by the B.C. Salvage Company yesterday morning to Easy Creek, Kyuquot Sound, to find the propeller which the Princess Maquinna dropped there a short time ago while making a landing. Owing to the missing wheel lying in 23 fathoms, it will be good diving if it is recbvered The Tees was herself in trouble under similar circumstances some years ago.

STOCK MARKET OPENS WEEK WITH STRENGTH

Broad Speculative Inquiry Leads to Upward Movement of Prices—Railway Group Joins in Activity.

NEW YORK, March 3.—The week in the stock market opened with another broad speculative inquiry, rails sharing liberally in the general advance, which assumed its most substantial proportions, however, in motor supplies.

United States Steel provided the market with its firmest foundation, reflecting a more insistent demand than at any period since the extra common dividend was cut. Steel made an extra advance of 2½ points to 94, forfeiting only a fraction on the close.

Kelly-Springfield Tire made a new top on its further rise of 4 points to 118⅝, General Motors held most of its 5-point rise, and pools in Baldwin Locomotive, Continental Can, Industrial Alcohol and Montana Power lifted those shares 3 to 5 points.

Leather, tobacco, sugar and oils yielded a part of their 1 to 4 rise, Mexican Petroleum and Royal Dutch falling back in the final hour, when the usual realizing for profits caused moderate reactions.

Low-priced rails, including Western Pacific common and preferred, Rock Island, Colorado Southern and Pittsburg and West, Virginia, were no less strong than issues of the calibre of Reading and Canadian Pacific, but shippings and copper were backward.

Sales amounted to 775,000 shares.

Foreign bonds held steady, but the several domestic groups, including Liberty issues, were irregular within restricted limits. Total sales, par value, aggregated $13,200,000. Old United States bonds unchanged on call.

Took Over War Tatla Returned for Suquash

Capt. George Walker, Veteran Master, Satisfied With I.M.B. Steamer, With Which He Made Fine Passage—Left Tenth, Arrived Fourth—Taking Out Last Boat of Contract

After taking the wooden steamer War Tatla from Victoria to the United Kingdom via Panama, Capt. George Walker returned here early in February to take charge of the War Suquash, the last of the Imperial Munition Board vessels to be completed on the Coast.

Best Wooden Craft

Capt. Walker has been on the sea for thirty-two years, twenty years of which he spent as master, and today he is commodore master in the employ of John Hardie & Co., Glasgow, who are the operators of several of the I.M.B. boats. During his long service the veteran skipper has been on many ships, some wooden and some steel, and he states that the War Tatla was as good as any other wooden craft he ever was on. The boat is very lively in the water, but a good sea boat, he claims, as she went through very rough weather in the Atlantic on her way across.

Caught Up on Sister Ships

The tenth boat of the I.M.B. fleet to leave this Coast, the War Tatla reached the Old Country fourth, a remarkable tribute to her and her complement. Leaving Victoria on October 8th, the vessel sailed on her long voyage and made Balboa in twenty-one days, coaling there. The average speed was eight knots, about ten being made until the hot climate was reached, when the firemen found it impossible to keep going the pace.

Mounted Gun

From the canal a course was shaped for Port Royal, Jamaica, the trip taking six days. At that port an anti-submarine gun was mounted on the gun platform. The Tatla sailed from Port Royal the day the armistice was signed, and four days later word was received through the air that war restrictions were off. The ship was gay with flags, the navigating lights went on again, and everybody felt safer and happier.

No Troubles

Making Newport News in three days, the Tatla left again for Liverpool, reaching there eighteen days later, after passing less fortunate sister craft on the way. Capt. Walker was gaining steadily on the next ship ahead and would have passed her in a day or two more. He says that absolutely no engine trouble was experienced; everything was entirely satisfactory, and no extra calls were made. The lengthening of the funnels of the I.M.B. boats by many feet since the war ended has resulted in less work for the firemen and has made a big difference to the efficiency of the craft, says Capt. Walker.

Due to Inexperience

Although some trouble was experienced with the boilers on several of the boats, this was due to the fact, apparently, that the men in charge did not know enough about the style of boiler installed. The constant and exaggerated rumors had the officers alarmed before they left this port. On one occasion a San Francisco paper said that a boat which put in there was disabled, and it later appeared that there was absolutely nothing in the statement.

On arriving in England the Tatla was examined by the surveyors and given first-class rating.

Taken by French

The first eight I.M.B. boats to reach the Old Country were turned over to the French Government, who were short of tonnage, and who will use them between Marseilles and the Cameroons. The Tatla was one of those turned over.

The later of the Munitions Board boats have been better in several ways than the first craft, many of the defects having been remedied.

The twenty-seven vessels built in British Columbia are going to various ports in Scotland and England. About twelve have already reached the United Kingdom, while three remain on this Coast.

Two Officers With Him

Having turned over his steamer to the French, Capt. Walker started for Victoria again, and arrived here early in February. Two other officers, First Mate Findlay Brander, and Second Mate W. Grant, of the Tatla, came back with Capt. Walker to join the Suquash.

Capt. Walker and his officers took up their abode on the Suquash yesterday morning, and are rapidly getting things shipshape for the long trip. The engines were turned over and the auxiliaries tried out.

Leaves to Load

The Suquash leaves this morning for Union Bay, where she will bunker. From there she goes to Vancouver for spelter, and will then take on lumber at Chemainus and some here before sailing. A carload of ammunition box shooks, practically the last of a contract with the Cameron Mills, was loaded on the Suquash at the Assembly Plant. The War Ewen will arrive here tonight to clean up the rest of the shooks. She is loaded with 420 tons of spelter and also took on over a million feet of lumber at Chemainus and Genoa Bay.

The War Tanoo left last Tuesday for Union Bay for bunkers, and is to load 420 tons of spelter and over a million feet of lumber at Vancouver. She will complete on Thursday and go straight to sea.

The I.M.B. steamers have taken deck loads of lumber, seven feet being the Summer maximum and three the Winter maximum. Capt. Walker took out the Tatla, the last craft to load to Summer limit last year, and will take out the Suquash with the first load with Summer limit this year.

He Loaded Them All

The twenty-seven steamers built by the Munitions Board have all been loaded under the supervision of Mr. H. J. Taylor, superintendent of cargoes for the British Ministry of Shipping. All the vessels up to the War Tyee, which was about the fifteenth to get away from this port, were loaded by the C.P.R., but the later vessels were made ready for sea by the ministry. Mr. Taylor's work carries him from one port to another in a hurry, and he has not had time to stop long enough to respect the Sabbath. Of the many boats loaded there have been no complaints in this respect.

Total Cargoes

The cargoes that these ships will take to the United Kingdom total altogether approximately 27,000,000 feet of lumber, including box shooks, 2,000 tons of spelter, and a quantity of salmon, the latter going only in three vessels. The loading was done at Victoria, Vancouver, New Westminster, Chemainus and Genoa Bay. Where only a comparatively small quantity of spelter was to be loaded it was found cheaper to bring it in cars from the Mainland to Victoria than take the vessel to Vancouver. The value of the total cargoes is estimated at $810,000 for the lumber and $10,000 for the spelter.

Men Out of Work

The great pier at Ogden Point, with its huge shed, cranes and other machinery, lies idle today, with only a few men moving here and there. The clatter and the roar are gone.

An official yesterday remarked that every second man that he met on the street was an Assembly Plant man in his best clothes. These workmen are without work, awaiting with concern the announcement of where the Foundation Company will outfit its twenty ships.

VOTED TO RETURN TO WORK TODAY

ANACORTES, Wash., March 3.—A mass meeting held here yesterday by the unions which called a strike at the Anacortes shipyard six weeks ago voted to return to work tomorrow under the old scale established by the Macy award. The unions also voted to organize a Metal Trades Council of their own, thus withdrawing from the Seattle organization. Authority has been received from the United States Shipping Board to reopen the yard under conditions existing before the strike was called.

GO BACK TO WORK

SEATTLE, March 3.—First break in Seattle's shipyards strike came today, when about 250 sheet metal workers and about 200 apprentices who have been on strike returned to work in fifteen sheet metal shops which are working on shipyard contracts. The men went back to work for the same pay they received before they joined the strike for higher wages. Employers claimed all the sheet metal shops were working with full crews today.

METAL MARKETS

NEW YORK, March 3.—Copper dull; electrolytic, 14¾ to 51¼. Iron nominal. No. 1 Northern and No. 1 Southern, $34 to $37; No. 2 Northern $32.25 to $35.25. Metal Exchange: Lead easier; spot and March, $5.25 to $5.40. Spelter steady; East St. Louis delivery, spot and March, $6.20 to $6.30. At London—Spot copper, £74; futures £69 15s; electrolytic, spot £81; futures, £77. Tin, spot, £229 15s; futures, £221 15s. Lead, spot, £28; futures, £23 10s. Spelter, spot, £40; futures, £36.

LONDON, March 3.—The international conference of seamen which has been in session here decided to adjourn the conference to Paris, thus rescinding the decision to send a delegation to lay the case of the seamen before the International Labor Congress.

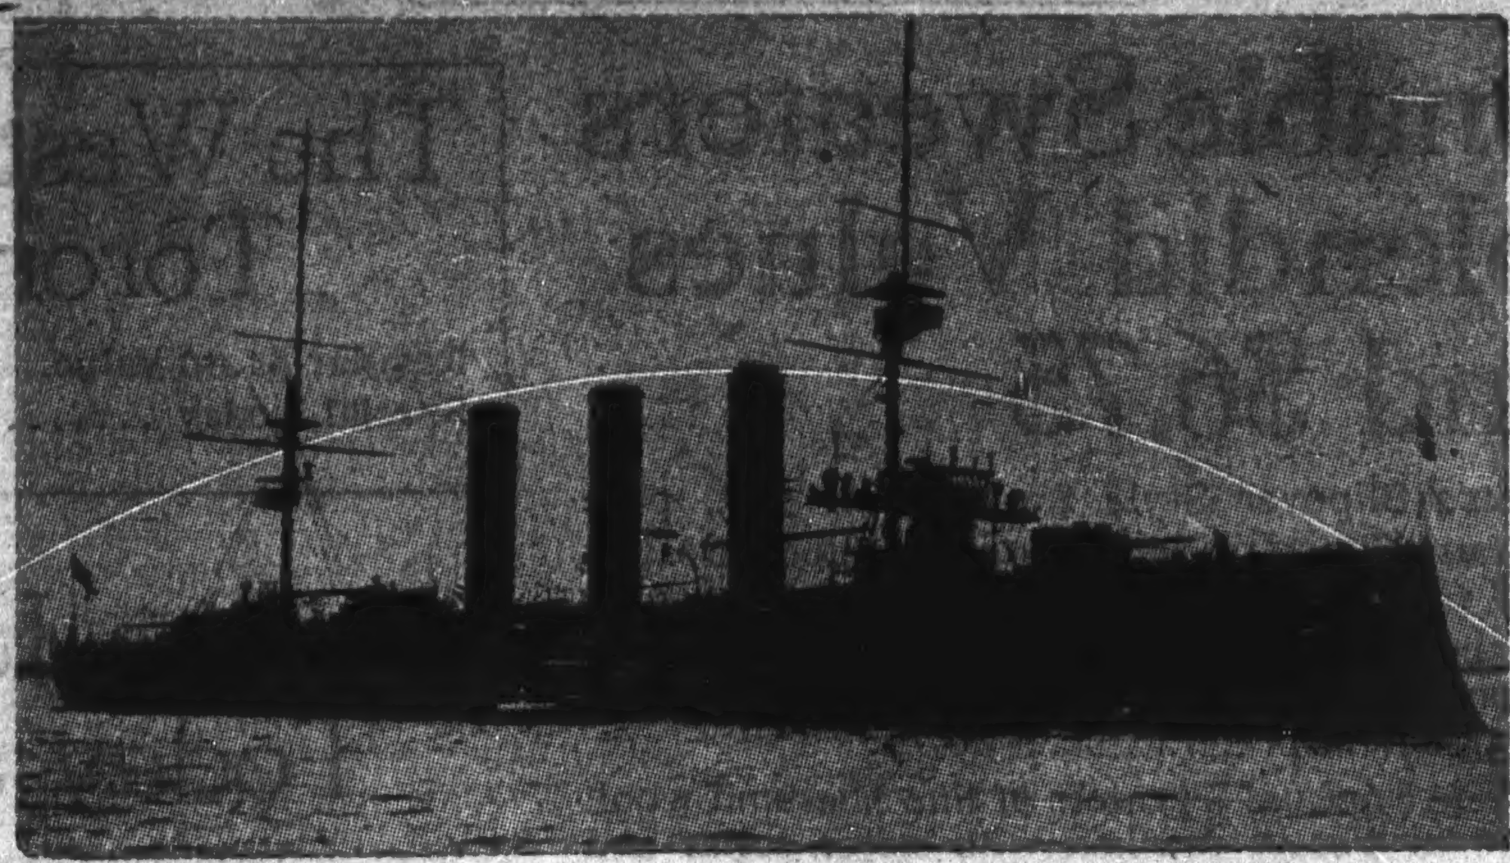
LANCASTER GOING AWAY TOMORROW



H.M.S. LANCASTER

H. M. S. LANCASTER LEAVING FOR HOME

Cruiser and Gallant Crew Played Important Part in Great Conflict for "Freedom of the Seas."

The cruiser Lancaster leaves Esquimalt tomorrow morning for the Southern Pacific, although her exact destination is unknown. She is the flagship of Rear-Admiral P. H. Colomb, Senior Naval Officer of the Pacific Station, and has been stationed at Esquimalt for some time, making cruises down the Coast from time to time. Most of the officers and men of the vessel were some time ago transferred to Hongkong, and another crew came out from England to man the ship. On the outbreak of war the Lancaster was stationed at Halifax, where she was engaged for a time in light patrol duties. After this she was sent to the North Sea and joined the Grand Fleet there. In March, 1916, the cruiser was recommissioned and proceeded from Chatham to search for the Moewe and other raiders. She was then ordered to patrol between the Falkland Islands, Cape Horn, Straits of Magellan and Smyth Channels as far north as Panama. She afterwards became the flagship of the Pacific fleet. The first captain of the Lancaster was Capt. Sir George Warrender, Bart., who at the commencement of the war was the Vice-Admiral commanding the Second Battle Squadron of the Grand Fleet. During the war the Lancaster was commanded by Captain Warren H. d'Oyley, Captain John R. Segrave, Commodore Philip H. Colomb and Captain Arthur L. Gresson, who is in command today. Commander Cooper is now the executive head. The details of the Lancaster follow: Built and completed at Elswick-on-Tyne; displacement, 9,800 tons; length, 467 feet; beam, 66½ feet; guns, fourteen 6-inch, four 12-pounders and two anti-aircraft guns; ship's side is protected with a 4-inch belt amidships, about 12 feet high; the thickness of the conning tower is 10 inches; two submerged torpedo tubes; coal capacity, 1,700 tons; best speed, 24.1 knots.

PORT PARAGRAPHS

To Load at Genoa Bay

The auxiliary schooner Cap Nord left Vancouver yesterday morning for Genoa Bay to load one and a half million feet of lumber for the Cameron interests. She will take this down to Buenos Ayres. This vessel was chartered only after a long wait for suitable tonnage.

War Noble Loading

The new Coughlan boat War Noble is now loading grain at Vancouver for the United Kingdom. She will move to the Hastings Mills to load a million feet of lumber, which will be taken on in the shape of long spars as much as ninety feet in length. The Noble will bunker at Union Bay and proceed to sea.

Antonios Out

The new Greek steamer Antonios, which ran her trials over the measured course on English Bay last Friday, sailed yesterday for Costa Rica. She came close inshore off Dallas Road in the afternoon to drop her pilot.

In for Overhaul

The tanker El Lobo passed in to Yarrows plant at Esquimalt yesterday to dock for her annual overhaul.

Reaches England

The wooden steamer War Edensaw, built by the Imperial Munitions Board at New Westminster yards last Summer, has arrived at Manchester, according to cable dispatches. The vessel refused to take to the water at the first launching attempt, and dredging had eventually to be resorted to.

SHEARWATER DISABLED

KINGSTON, Jamaica, March 3.—The British cruiser Shearwater arrived here this morning in tow of the American tug Chemung, having broken down at sea. Repairs to the warship will be effected here.

The Shearwater has for the past two Winters been used as a naval training ship, with headquarters at Bermuda. She was at Esquimalt for many years and is well known here.

MONEY AND EXCHANGE

NEW YORK, March 3.—Mercantile paper, 5¼ to 5½; sterling, 60-day bills, 4.73; commercial 60-day bills on banks, 4.72¾; commercial 60-day bills, 4.72½; demand, 4.75.70; cables, 4.76 7-16. Prince Rupert—Snow; east; 29.60; 34; smooth.

TWO BIG CRAFT COMING TONIGHT

Cyclops and Suwa Maru May Not Make William Head in Time to Clear Before Morning.

The Blue Funnel liner Cyclops will make port tonight from the Orient, but it is not yet known whether she will reach in time William Head to clear before official sundown shortly after six o'clock. Capt. Lycett reports that he will make it by six. This will be the first of the Holt ships to call here since they were released by the Government.

The Eurypylus, of the same line, is now on the Sound loading for her return trip to the United Kingdom, and she will come here on Friday to load whalebone and canned pilchards. The vessel came light on the long trip.

The Suwa Maru is also due to arrive here tonight, and it is questionable whether she can make it before the sun goes down. A silk shipment valued at nearly two million dollars is part of the cargo. The passenger list is made up of seventy in the saloon and a large number in the steerage. The Suwa's schedule calls for her arrival tomorrow.

Liquor Question in Alberta

EDMONTON, March 3.—Premier Stewart announced to a deputation from the Alberta Social Service League today that the Provincial Police Commission would be abandoned and that the force would come under the control of the Attorney-General. He asked for a committee from the league to consult on proposed liquor act amendments. The league is asking that a special officer have supervision of the sale of liquor through druggists. They ask that all prescriptions carry serial numbers, and that they be for from four to eight ounces only.

CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

Look at tongue! Then give fruit laxative for stomach, liver, bowels.

"California Syrup of Figs" can't harm children and they love it.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

SOPHIA COMMISSION SITS HERE ON 10TH

After Sessions at Juneau Court of Inquiry Returned Here Yesterday

Mr. Justice Morrison, Capt. Martin, R.N., and Capt. J. D. Macpherson, the commissioners investigating the Sophia disaster, returned yesterday from Juneau, where two sittings of the court were held. The next session will be held here on March 10th at 10 a.m.

A considerable number of counsel went up with the commission from Seattle, Vancouver and Victoria. Captain Neroutsos represented the C.P.R.

Only the Rich Can Afford Cheap Tubes

That's not a paradox. For the worth of a tube is not to be measured by its life alone. Of greater import is the assistance it renders the tire. Can you afford to risk a high-priced casing to save a few cents or a few dollars on the tube within it? You may buy for two or three dollars a tube that will actually cost you $10 or $15 by spoiling tires.

Canadian motorists must face this question if they wish to keep tire costs down. Goodyear could produce a low-priced tube—perhaps the lowest priced on the market. But Goodyear will not do it—because to us the world-wide reputation of Goodyear Tires overshadows a small difference in tube prices.

So Goodyear Tubes are built to a more expensive standard. Built up of many thin sheets of fine flawless rubber—with the valve patch vulcanized in. And so much better are these tubes that motorists buy more of them than of any other brand.

To provide even greater tube service, Goodyear has produced the Heavy Tourist Tube—extra thick and extra good—a tube of heaping value, even at an extra cost.

When you buy tubes, say "Goodyear"—distinctly. And if you buy the Heavy Tourist—see that you get the handy waterproof bag it comes in. Box, bag and tube are stamped "Heavy Tourist."

A Generous Assortment of New Cotton Wash Fabrics

Appropriate for Pretty Outing Dresses, Separate Skirts and Waists

—Whatever your needs for Spring and Summer Wash Dresses, Blouses or Separate Skirts you will find this store can provide. We have a most generous assortment of all the very latest patterns and colorings—in both plain shade materials and novelties. Let us suggest a few:

Brighton Suitings—A plain cloth in various pretty shades; 27 inches wide. Suitable for house dresses or children's street dresses, at, a yard, 33c.

Colored Drills, 27 inches wide, in a strong weave. Many popular shades. A cloth that stands hard wear at, a yard, 35c.

All Year Round Zephyrs in delicate shades of lavender, rose, maize, green, mid-blue and navy blue. Suitable for street wear. A finely woven cloth with a mercerized finish at, a yard, 90c.

Colored Dress Poplins in an extra fine weave, with a splendid mercerized finish; one that will stand the laundry test. All the wanted shades from which to make your selection at, a yard, $1.25.

Plain Colored Japanese Crepes, of which we carry the largest selection of colors in town. The old standard quality that wears so well; 31 inches wide at, a yard, 45c.

Promenade Beach Cloths, 36 inches wide; in colors blue, helio, fawn, grey and green. This cloth is called the two-ply, being made with a double warp and is made to represent a heavy linen, without the creasing problem. Very stylish for dresses or suits. Our price, a yard, $1.00.

Dundee Linen comes in plain shades also, but in a finer weave, and is used more for children's frocks, etc.; 36 inches wide at, a yard, 85c.

Colored Gaberdines will be found just as fashionable this year as last; 36 inches wide at, a yard, $1.00.

Novelties for Dresses, Suits or Separate Skirts

Hermitage Suitings, 36 inches wide, in novelty coin dots, stripes and check designs on white or cream grounds. A weave similar to Indian Head, with good colorings. Worth 85c. Our special price, a yard, 50c.

Plaid Cloths in the large effects and in two-tone colors. Woven from heavy yarns, wide enough to allow for the two-piece skirt. Our price, a yard, $1.00 and $1.25.

Check Popilene, in blue, pink and black checks; woven from full mercerized yarns; 38 inches wide at, a yard, $1.75.
